

SULTAN'S OFFICIALS ARE ALL IN JAIL OR EXILED

CONSTANTINOPLE, Aug. 7.—All the prominent officials of the Palace carmarilla, who had not previously fled the city or been incarcerated, were today arrested. They include Riza Pasha, the former Minister of War. Raghib Pasha, one of the court chamberlains, was taken after having barricaded himself in his house and fired on the police with a rifle from an upstairs window.

MOB CRIES FOR NEGRO'S LIFE

CHURCH SANCTITY VIOLATED BY HENRY; PASTOR INTERVENES

When Asked to Explain \$30,000 Fee, Spreckels Prosecutor Shouts "Liar" From Oakland Pulpit and Minister Has to Take a Hand.

Almost on the heels of an hue and cry in which he described the close relationship between religion and politics, Dr. Francis J. Henry caused a pandemonium in the Twenty-third Avenue Baptist Church last night by denouncing an innocent sexton who asked him to explain the \$30,000 received from the Contra Costa Water Company.

"You're a liar!" shouted the Spreckels prosecutor from the pulpit of the church. "You're a liar if you say I ever received one cent that I did not earn."

You are hired by THE OAKLAND TRIBUNE to say that."

Then you are a liar," replied the man who had caused the speaker.

PASTOR INTERFERES

At this point the pastor, Dr. E. S. Stucker, stepped from his seat on the platform and raised his hand. The church was in an uproar, the audience impatiently expecting further trouble. Dr. T. B. Holmes, chairman of the evening, called out to Henry above the noise of the crowd, urging him to desist from disturbing the sanctity of the edifice. The prosecutor, with clenched hands

and a bitter smile, was finally permitted to sit down and proceed with his invective, as best everything, and everybody who didn't agree with him fails to get back.

Henry made two attempts last night to vindicate him all and his policies in the eyes of the people of Oakland and in identity put in a word for the candidate of the Lincoln-Roosevelt League at the approaching elections. The first effort, which was to have been at Fruitvale, fell through for lack of a hall.

The second attempt at the Twenty-third Avenue Baptist Church was a typical Henry meeting. Henry declared that Sam Præsler was today suffering from a worse visitation than it was ever suffered upon him. He neglected, however, to explain just what he meant by this assertion.

The members of the church were freely interspersed with such terms as hot, sultry, blaring, tooting, down their throats and punch him in the eye. Fortunately, only a few incidents were present in the audience being run off, perhaps 100 men.

Girl Jumps Into Bay Following a Lovers' Quarrel

Lizzie Lynch of West Oakland Tries Suicide

Driven to desperation by the threats of desertion made by her lover, Miss Lizzie Lynch, a pretty girl of West Oakland, at noon today threw herself from the foot of West Ninth street wharf into the few feet of water and

swam ashore.

Fortunately the act was witnessed by a passerby and the police were notified in time to save the young woman's life. She now lies in a precarious condition at the Roosevelt hospital, under the care of Matron Hughes.

TAKES OFF CLOTHING

About 12 o'clock today W. D. Ord of West Berkeley noticed Miss Lynch acting in a suspicious manner at the corner of Ninth and Willow streets. She divested herself of part of her clothing and hung it together with her purse on a tree near the sidewalk. She then started toward the water and a moment later plunged head foremost into the bay.

Ord rushed to the branch office of the Standard Oil company close by, calling for assistance. The employees of the company telephoned for the police and the prompt appearance of a sergeant and two patrolmen are undoubtedly accountable for the saving of the girl.

DRAGGED FROM WATER

The effects dredged from the water were secured and hurried her to the Emergency Hospital, where she was wrapped in hot blankets and later put into bed.

The unfortunate woman has it illegal been living with a man named Frank Hilton for the past seven years.

On Sunday evening last the couple had a violent quarrel in their rooms at the Atlantic House, terminating in

Hilton's 75th birthday. The woman has been morbid and despondent and this morning evidently resolved to end her life. No trace of Hilton can be found. The physicians believe the woman will recover.

2 SALOONS WRECKED BY MOB

Soldiers Start Riot Which Ends in Injury to Bystander and Arrest of Four in the Crowd.

SAN FRANCISCO Aug. 7.—A good sized riot, the result of a dispute between some soldiers on the Barbary Coast about midnight resulted in the almost complete demolishing of two saloons, the breaking of a score of windows, the serious injury of one man and the arrest of four others charged with disturbing the peace and battery.

No one seems to know just what began the trouble, but two of the soldiers were seen arguing on the corner of Broadway and Dupont street prior to the assault on Jacob Schneider's saloon. Soon a mob of about two score men had collected and rocks and brick bats were thrown into the place. The arrival of the police sent the gang down the street to Montgomery and Broadway, where an attack was made on the saloon of Henry Cimino. During the fight here W. T. Brown was struck with a brick in the head and received a dangerous wound which was dressed at a nearby firehouse.

The quick arrival of Police Commissioner, Marion and Berg caused the arrest of John Alexander, Fred Smith, Date Scott and William Schutt, all soldiers, and they were booked at the city prison.

Advance Price of Newspaper Stock

WATERTOWN, N. Y. August 7.—An announcement was made here today by the International Paper Company that the price of newspaper has been advanced ten cents per ton to \$236. The strike situation has been unchanged.

The quick arrival of Police Commissioner, Marion and Berg caused the arrest of John Alexander, Fred Smith, Date Scott and William Schutt, all soldiers, and they were booked at the city prison.

ATTEMPTED TO STAB FRIEND

Vest Oakland Man Taken Into Custody for Effort to Use Knife in a Dice Game.

W. J. Herman, a hollar-maker's helper in the West Oakland shops, was arrested last evening at the Ridley House in Seventh and Cedar streets while attempting to carve his companion with knife. He was covered with a revolver in the hands of the bartender and disarmed by the proprietor, John Martin. Herman and a companion, who disappeared in the melee, were engaged in a dice game. A quiet moment caused them over which had thrown the winning knife. Herman is alleged to have drawn a knife and threatened his frightened friend. The bartender seized his revolver, which he had concealed beneath the bar, and, leveling it at Herman, shot him, covered with Martin and Herman's friend took the knife from him. Leaving the saloon for a few minutes, Herman returned and began to renew the quarrel with Martin. The police were telephoned to and Patrolman Dan Wood of W. J. Martin's were sent to the saloon where Herman was placed under arrest, charged with disturbing the peace. In the police court this morning Herman pleaded guilty to the charge against him and his case was continued until to-morrow morning for sentence.

BERKELEY BOGUS

(Continued from page 1.)

“I began angrily: ‘It gave me an awful jolt the other day when I read that the executive committee had endorsed these judges for re-election. I want to know who gave them this power. Who gave them the right to deduce my interests in this organization or the support of any candidate at this time?’

Before Hampton got his seat there were a dozen men on their feet to support him. It was evident that something had slipped. McClure offered to postpone his resolution, but Hampton, suspicious that he would be beaten later in the night, when many of his supporters had left the meeting, insisted that it be withdrawn, and McClure finally consented.

SLATE SLIGHTLY BROKEN. With three exceptions the slate of delegates for county, State and Congressional conventions went through without a hitch. The exceptions were Tom Attorney Rodmond C. Straats of the Fifth Ward, School Director Dr. E. L. Loring in the Third, and L. H. Lowans in the Seventh, who were smothered in their desire to go to the county convention. Lowans was unable to get even nomination and by way of solace was afterward put up as an outsider for the State convention. He was obliged to go outside his ward for a booster. He was again beaten. Former Town Trustee Thomas L. Dowd was presented by the Seventh Ward people as delegate-at-large to the State gathering, but when the whip cracked he withdrew his name and School Director Roy J. Young got the place. Young was backed by C. C. Young of the Mason-Dickie Company, who in the move strengthened his hold on the nomination for the assembly he is seeking.

THE DELEGATES. The delegates selected according to district and wards were:

A NEWSGIRL'S MISHAPS

Clever Skit Creates Sensation at Novelty

At the Novelty Theater this week Manager Tony Lishman presented the first musical comedy, "Consonant," a one-act farce, entitled "A Wedding Gift." The scene is laid in Oakdale, Julius, a conchman, played by Jack O'Neal, is in love with a young chanteuse, the equal in manner in which he gets in and out of trouble creates a laugh every minute. Harry R. Norman, as Frank Vendome, a disengaged and charming young man, is showing to her best advantage the work as the wife of Frank Vendome, and his daughter, Ruth, Mrs. Lou, is unquestionably a topnotch girl. The scenes in this production are conducted in a most elaborate way and Manager Lishman can be proud of this week's production.

ARTICLE. "Ye Colonial Settlers" is the quaintest musical act in America, presenting "Old Tyme Hallowe'en." The scenes follow the old time problems spoken by Miss Lillian Gentry, scenes around a Virginian forest, scene 3, drawing-room of a colonial mansion with Mr. Charles Harris as corner artist, William Gandy, as violinist, Eva Tremblett, Miss Nettie Conroy, cornerist, and Viola McGehee, violinist; with Warden and Duncan, in a country girl, "A News-girl's Mishaps" is one of the cleverest and most laughable acts on the stage. The girls, Misses Mary Henry and Charles E. Burrell, appear in a rollicking domestic comedy, playlet entitled "The Married Life," in Edgar Hulsebusch and others who have some trouble will appreciate the sketch. The melange of the work will.

10,000 Eagles Are On Way to Seattle

CHICAGO, Aug. 7.—Nearly 10,000 members of the Fraternal Order of Eagles, many of them accompanied by members of their families, departed last night on the Burlington for Seattle to attend a four-days' convention, beginning August 11. The itinerary includes stops at St. Paul, Butte, Spokane, Seattle, Portland, Salt Lake and Denver and will consume 15 days. The train will be parked for occupancy during the stay in Seattle, convenient to the convention hall.

DIES FROM INJURY THAT CRUSHED FOOT

(Special to The Tribune) SAN FRANCISCO, Aug. 7.—Mrs. R. McLarren, sixty-eight years old, who resided at 1892 Mason street, died at St. Luke's hospital at 7 o'clock this morning as the result of injuries sustained on July 19.

The woman had gone fishing with her husband, and in an accident to the buggy in which they were driving home, her foot was crushed. She was removed to the hospital and died of blood poisoning.

DISSOLVES DECISION OF SALE OF BONDS

STOCKTON, Aug. 7.—Judges Nutter, Smith and Norton of the Superior Court of San Joaquin county, sitting on the bench this morning, handed down a decision dissolving the temporary injunction against the sale of bonds voted by Lodi for the erection of a municipal light and water plant. Carl Birch, counsel for the bondholders, argued that the sale of electric light and water to private consumers by a city was illegal. The court held that it was in keeping with the charter provisions of Lodi, a city of the sixth class.

ALAMEDA, Aug. 7.—The Eagles postponed their initiatory work for last night to one this evening, a big initiation next Thursday night. One of the largest classes in the history of the lodge will be initiated and a banquet will follow.

GOULD MAY BUY COAL PROPERTIES

To Take Extensive Trip in Middle West and Inspect Utah Mining Districts.

PRICE, Utah, Aug. 7.—Robert Forrester, Geologist of the Denver and Rio Grande Railroad and the Utah Fuel company, together with other officials of these corporations, has received word from New York to be ready to join George J. Gould and others of the Gould railroad system at Castle Gate, Utah, next Saturday.

While in the west the Gould party will make a personal inspection of all the coal properties in Carbon county. Whether the sale or segregation of the coal mines from the railroad is contemplated, is entirely a matter of speculation, there have, however, been persistent rumors of segregation of the two interests after the suits now pending in the East have been settled.

S. F. POLICEMAN FACES A GIRL'S SERIOUS CHARGE

Is Accused of Betrayal Under Promise

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, Aug. 7.—Ellen C. Young, the pretty eighteen-year-old girl who attempted to commit suicide by taking chloroform poisonings on a Mission street car two weeks ago, and who was saved from death by the efforts of the emergency service, appeared in Judge Shorthorn's court this morning and swore out a warrant for the arrest of Policeman Edward T. Davey on a charge of betrayal under promise of marriage.

Davey had been paying attention to the young girl prior to her attempt to end her life, it is claimed. He had been

seen frequently in her company, and, it is said, expressed a great fondness for her. Late, however, it is said that his interest had waned, and during the examination of Miss Young before the insanity commissioners he stated positively that he did not intend to marry her. Her relatives at that time said that they would institute proceedings to have him ousted from the department as the result of his relations with the girl, but it now appears that they have taken another tack, and Miss Young swore this morning in the complaint that Davey had promised to marry her. She is just eighteen years old.

WILL FIGHT STRIKE TO FINISH DORR LANDS IN S. F. JAIL

Canadian-Pacific Plans to Battle With Employees Who Walked Out--Japanese Filling Vacancies.

WINNIPEG, August 7.—It is beginning to be realized that the Canadian Pacific is prepared for a strike struggle with the mechanics which will last some time. The company's locomotives and rolling stock are at present in excellent condition, the dry summer having Japanese mechanics trained in the railroad shops of the Pacific coast States and in technical schools are arriving and are being distributed where necessary. Sleeping and dining-cars have been drawn up close to the shops to provide accommodations for the non-union workmen, guarded by special constables.

NO VIOLENCE. Fifteen shop foremen or gang bosses walked out here last evening, declining to work with the imported men. Only one declined to come out. No violence or disorder has been reported from any of the company's shops in Western Canada. Mass meetings continue to be held by the men and the pickets are continuing to keep close watch at the shops and all incoming trains.

Newcomers are employed in almost all departments and are divided into shifts which work night and day. All locomotives are in inspection and undergo repairs before leaving the roundhouse and coaches are loaded and taken care of by the men who are taking the places of the strikers.

Yesterday a gang of laborers were put to work filling the ironbound iron night the strikers had piceted posted at all entrances to the yards and they took care that they could not be seen from without.

COMPANY TO FIGHT. It is not expected that the strike will interfere in any way with the handling of the wheat crops even though it should last until wheat moving commences. Western wheat will not begin to reach the railway in any volume for five or six weeks. It is estimated that the crop will require 160,000 boxcars and of these there are already 150,000 in the yard, with a corresponding supply of engines.

The Canadian Pacific telegraphers are secretly preparing for a strike within a fortnight. The arbitration award will be forwarded to Ottawa next week and the men do not expect to be satisfied with it.

JAPANESE TAKE PLACES. At Calgary, the Canadian Pacific Railway put twenty-one Japanese at work in the roundhouse yesterday. Otherwise the situation there remains unchanged. The company will have several Japanese men in that city to protect the new workmen. Two locomotives were out of use there yesterday owing to the fact that the boilermakers are not working.

At Kamloops last night a conductor of a westbound freight train declined to take out a train until he had a written official inspection by car repairers. He was given the order.

WANT CARNEGIE TO GIVE LIBRARY

Berkeley Improvers Have Asked Steel Magnate to Furnish Requisite.

BERKELEY, Aug. 7.—The Improvement Clubs of South Berkeley and North Oakland have joined hands in a movement to have Andrew Carnegie provide a fund for the construction of a library building in the Inter-City region. The North Oakland Improvement Club has presented a resolution to the stockholders and is now awaiting a reply. No particular sum was suggested but the improvers would like to have about \$25,000 for their purpose.

SALT WATER SYSTEM FOR STREET SPRINKLING URGED

ALAMEDA, Aug. 7.—A meeting of the West End Improvement Club of Alameda was held last night, and a number of matters of importance to that section of the city were considered. The committee detailed to look up facts concerning a proposed salt water system for the city for sprinkling purposes reported that the proposed salt water main would cost \$1,600 per foot. The committee urged immediate action be taken upon this matter, as they considered that it would greatly help the city, especially in the matter of expense for street sprinkling, and water used for extinguishing fires.

CONSTRUCTION OF LOOP LINE.

The committee in charge of the matter petitioned the council to urge the construction of a loop line by the Oakland Traction Company in the West End, reported that they had presented the petition, signed by Alamedians in the West End, at the last meeting of the City Council, and that the committee from the traction company was to meet with the council committee, when the matter would be discussed.

A report was also made by the committee appointed to secure the improvement of Webster street from Santa Clara to Eagle. They reported that Superintendent Frodden had declared his intention of beginning the work in the near future.

WILL TAKE PHOTOS IN BALLOON

Berkeley Chamber of Commerce
to Obtain Novel Views in
the Air-Held Enthusiastic Meeting.

BERKELEY, Aug. 7.—At a meeting of the Berkeley Chamber of Commerce it was announced that arrangements are being completed to have several choice photographic views of Berkeley taken from a balloon, at a cost of \$500. The pictures to be used in advertising the beauty of Berkeley. An attempt was made several weeks ago to have a set of views taken by the use of a kite, but the result was not satisfactory.

From the recommendation of P. E. Reed, the secretary was directed to communicate with the different trade and commerce organizations of the San Joaquin and Sacramento valleys and inform the people of those regions of the completion of the new municipal water of Berkeley, and drawing attention to the advantages now offered to producers who desire to trade direct with Berkeley.

WANT STREETS SWEEPED.

Director E. C. Sewey remarked that there had been considerable complaint about the streets being unswept, and he was confident the business men of the city would willingly contribute to a fund intended to improve conditions. The matter was referred to the committee in charge of the city, with a request that the matter be taken up with the town trustees.

Concerning the proposed trolley line to run through the Alameda-Contea-Costa county tunnel, President Oehlert said that everybody recognizes the importance of having direct communication with the communities beyond the Contea-Costa hills, and that the Chamber of Commerce would welcome any plan that would afford a proper solution of the proposition.

TO ADVERTISE TOWN.

Secretary Drury reported that a number of choice specimens have been on display at the Alameda, Al Lante, and Alameda daily lectures in the Los Angeles Chamber of Commerce, concerning the advantages of Alameda county, and in each lecture Berkeley will be largely mentioned. Director F. E. Reed of the publications and advertising committee reported that the new booklet describing Berkeley will be issued about the latter part of the present month and that it will be a fine publication.

Knocked From Wagon and Taken to Hospital in a Critical Condition.

SAN FRANCISCO, Aug. 7.—Frank Paron, a peddler residing at 17th and Church streets, was knocked off his wagon this morning by a speeding cemetery car and so severely injured that he was taken to the Central Emergency Hospital, where he now lies. His wagon was completely demolished and his horse injured. Paron was driving slowly along Mission street when cemetery car No. 133 came speeding along and bore down upon him before he could move to one side.

The wagon was smashed and the impact of the collision threw him into the street. His injuries consisted of several lacerations of the face and head, abrasions of the body and general shock. No bones were broken.

Construction began today on the \$300,000 coal tipple at Michel. Cash donations or the Fernie relief reached \$30,000 today.

OAKLAND TRIBUNE.

FATHER LEFT HIS BABY TO DIE FOR FOOD

Charles E. Browne Has Finally Come to Realize the Gravity of His Offense.

Charles E. Browne, alias Thompson, whose arrest for vagrancy has uncovered a dual life in his home at 917 Twenty-fourth street street and part of his time spent at 511½ Eleventh street, where a woman and two children believed him to be husband and father, was incontinently as he was being led into the prisoner's dock of the police court this morning.

Tears coursed down his cheeks unstrained and he trembled visibly, as though at last he had begun to realize the gravity of his offense. Yesterday he had not seemed enough. He showed no emotion and a little thing like a change of vagrancy was not to be taken too seriously. Today he looked as if he had spent a sleepless night and the narrow confines of his cell had told him he was in a serious predicament.

FINALLY CALMS DOWN.

By the time his case had been reached on the calendar Browne had calmed down and paid close attention to the proceedings. He was represented by Attorney Tom Buckley and the case continued until tomorrow. It will be called upon to plead. His trial was adjourned yesterday to 10 a.m. to give the public time to secure a lawyer and he will be held while the officials are considering the probability of placing a more serious charge against him.

Browne was married twenty years ago in New Orleans, where he was employed as a car inspector for the Louisville and Nashville Railroad. At that time Kate Howe, who now believes herself to be Mrs. Thompson, was a next door neighbor. Seven years ago Brown moved to San Jose, Calif., and before that he had been to San Francisco at 17th and Franklin street. Three years ago Mrs. Howe and her mother also came to the coast and Brown resumed his attentions which began in New Orleans. He declared he would secure a divorce and marry her. A child was born, and till Brown postponed the marriage. A man went by and another baby came.

DID NOT PROVIDE.

The father did not support the mother's wants. Kind-hearted neighbors helped them or the children could have perished long ago. Then came a time when the demand was imperative. Thompson appealed to charitable organizations, but the old man has probably come too late. Dr. J. M. Fine, who was called in around the baby, informed it had but a short time to live. Late yesterday afternoon a priest was called and the child was christened "Edward."

MANHUNT ON AT ANGEL ISLAND

Two Military Prisoners Make
Escape and Guards Now
Search Every Nook and
Corner for Them.

SAN FRANCISCO, Aug. 7.—Two prisoners from the military prison at Angel Island escaped from armed sentries guarding them at their work in a stone quarry on Angel Island on Wednesday afternoon, and a cordon of soldiers, thrown across the island, is beating the brush and searching ravines in an attempt to capture them. The manhunt was begun as soon as the escape was discovered, and it has continued day and night since. Heavy guards are watching all boats on the island and patrolling the shores, as the military authorities believe the fugitives have been unable to reach the mainland.

The men who escaped were short term prisoners, one serving a six and the other a nine months term. They, with sixty other prisoners, were taken to Angel Island on a government tug at 7 a.m. Wednesday and put to work in a quarry near the military coast.

Sentries with loaded rifles guarded the prisoners as they took out the rocks for use on government roads and buildings and as usual had orders to fire on anyone trying to escape. At 1 p.m. after the noonday rest it was discovered that two of the men were missing.

MAY STOP VEHICLE TRAFFIC IN N. Y. IN DAYTIME

Commission Trying to Solve Way In Which to Protect Pedestrians.

NEW YORK, Aug. 7.—In a report to the building code committee of the executive committee on congestion of population of New York it is recommended that within certain business hours all vehicular traffic be prohibited on main *passenger* streets south of Chamber street.

The committee also recommended that an elevator should be installed in each building, and in a brief maximum limit of time would empty the buildings of all the tenants. On the question of limitation of the height of buildings in the business district the executive committee announced that it had reached no definite conclusion concerning the method employed, but it was agreed that some limitation should be fixed.

According to statistics submitted with the report there were 12,000 erected in May, 1905, during the last five years, of the buildings accommodating 36,418 persons, and of 515 numbered buildings accommodating 32,251 persons were erected below Chambers street.

COURT UPHOLDS MATCH COMPANY

Judge Melvin this morning dissolved the temporary injunction secured by Herman and Marianne Weisenfeld against the Imperial Match factory, at Sixth and Bristol streets, West Berkeley. The action was taken on the ground that the town officials of Berkeley had inspected the factory and reported that there was nothing about its operation to which reasonable objection might be found.

In addition to this testimony, Attorney Staats introduced eight affidavits from residents living in close proximity to the plant, who stated that they had experienced no inconveniences or loss by reason of the fumes coming from it. Mervyn Saini, representing the protestants, also had a number of affidavits to the effect that the operation of the factory was a nuisance. The plant is owned by several well-to-do Chinese, who have lately obtained a foothold in West Berkeley and are preparing to install a number of manufacturing industries there.

PRIMARY PASTERS VALID, SAYS BROWN

District Attorney Says Stickers May Contain One or More Sets of Delegates.

District Attorney Brown has rendered a decision to the effect that the stickers containing the names of three sets of delegates to be voted on at the coming primary election for the State, congressional and county conventions are valid and may be placed on the ballot. The opinion was given at the instance of County Clerk Cook, who complained that much doubt had arisen on the subject.

It was contended by many that a separate paper was necessary for each set of delegates.

Under the opinion of the district attorney officer method is legal. The stickers are pasted upon the primary ballots at the elections.

ROUSING REPUBLICAN MEETING TO BE HELD

A big Taft-Sherman Republican rally will be held at the Bassett-street firehouse in Fruitvale on Saturday. This is the third of a series of meetings to be held by the Republican leaders in the Fifty-first district outside, and it is expected that a big audience will hear the speakers of the evening.

Among those who will speak are Assemblyman George J. Hains, R. D. Jones, E. H. Marwedel and others.

Interest in the primary elections is at fever heat in Fruitvale and a rousing Republican majority is promised by the leaders.

SUPERIOR JUDGE HAS RETURNED FROM EAST

Superior Judge Henry Wastre, who yesterday returned from an extended trip throughout the East, sat this morning in his department. On the recommendation of Court Commissioner Clarence Cowell, Judge Wastre granted an interlocutory decree of divorce to Yoshimatsu Yoshino against his wife, Shizu Yoshino, on the ground of desertion. The couple married in Japan six years ago and shortly after their arrival in this country Shizu disappeared.

front of a looking glass and had evidently shot himself in the head in order to make his wife believe he was dead. His body was removed to the branch morgue.

Hartman, who was a native of Germany and a boatbuilder by profession, was about forty years of age. He had lived in Alameda for the last nineteen years.

Hartman's father says that he cannot account for his son's suicide, as he had no cause for such an act, as far as he knew.

The aged man says that they had a few differences in their minds and that his son had gone into the bedroom, telling him to wash the dishes and saying that he would dry them.

Honolulu Teacher Now Guest of Friends in Isle City

MISS MARIAN BELL, Teacher in the Honolulu Normal School, Now Visiting in Alameda

ALAMEDA, Aug. 7.—Miss Marian Bell, a former Alameda girl, who is a teacher in the public schools of Honolulu, has been spending her vacation at the home of Mrs. D. Bruton of St. Charles street. While in Alameda she has been the guest at many delightful affairs arranged in her honor.

Miss Bell, when in Honolulu, takes an active part in social life there. She is a member of an amateur comic opera company and has taken leading roles in several light operas which have been produced by the Americans in the Islands. A recent production in which Miss Bell appeared was that of "The Singing Girl." Miss Bell is a teacher in the Honolulu Normal school, in the domestic science department.

FLEET IS CAUGHT IN STORMY WEATHER

On Approach to New Zealand American Battleships Encounter Heavy Seas.

AUCKLAND, N. Z., Aug. 7, 10 p. m.—The superintendent supply ship *Culgoa*, attached to the Atlantic fleet from Honolulu, July 21, arrived here this evening. She received this morning the following wireless communication from the fleet: "Yesterday and today, August 5 and 6, there was a fresh breeze to moderate gale with a rough sea. This morning the weather was the heaviest encountered since leaving Hampton Roads. The ships are pitching heavily. Spars were knocked down at 8 a. m. We will increase our speed to eleven knots and expect to reach Auckland on schedule time. There will be no fleet evolutions today on account of the weather. The vessels keep their formation and distance easily. The position of the fleet at 8 o'clock last night (August 6) was 31° 51' south latitude and 175° 50' longitude. Distance from Auckland, 300 miles."

CHINESE FATHER SEEKS DAUGHTER

Asks Court to Grant Him Custody of His Own Child.

An interesting case, involving the guardianship of Ah-Yoke, a four-year-old Chinese girl, was this morning taken before Superior Judge William H. Waste in the Superior Court. Wong Leong Bong, father of the girl, has petitioned that the guardianship papers granted some years ago to Miss Donaldina Cameron be dissolved. In order that he may receive his daughter into his family again and take her with him to China, Miss Cameron, who has grown very much attached to the little maiden, desires to continue her custody.

Four years ago, when little Ah Yoke was born, Wong Leong Bong was in pecuniary straits, owing to the death of his wife and its attendant expenses. He therefore placed Ah Yoke in the family of a fellow countryman, Hong Get, and his wife, Woon Ho, with a request that she take care of the child. According to Miss Cameron, who has retained possession of her ever since, Wong Leong Bong, who went to Los Angeles and there succeeded in replenishing his fortunes, is now pleading that his daughter be returned to him.

The Retention of Able Men in Congress.

The argument is often made that States and districts which retain Representatives in Congress for long periods have the greater influence in public affairs. We see this idea exemplified in Eastern States, which, in some instances, keep representatives in the Senate for very long terms. In more recent times the careers of Hoar, Morrill, Hale, Aldrich and Lodge in the East, and Allison in the Middle West, are in point. The case of Allison is one in particular, because political continuity in the newer parts of the country is more precarious than in the older States. Allison would have served thirty-six years had he lived to complete his term on the 4th day of March, 1909; and he had been elected for still another term. He was one of the great Senators of the time, yet many cabals arose against him, the latest but a few weeks ago.

Just at the present time these facts should be of peculiar interest to Californians. A campaign is on in which every means of misrepresentation and vituperation is employed to defeat California's representative in the Senate, who has been there long enough to establish a status for his State that is of immense value to it. There is nothing charged against him; but five envious "reformers" are imploring the people of California to turn out the Senator who has gained them recognition and may now secure them more important benefits than ever, so that they (the five "reformers") may have the chance to scramble for the succession. Each having a paper, they are in unison in the matter of raising a distracting and discordant noise; but should the improbable happen, we would see the most terrible Kilkenny engagement ever recorded. They would turn upon each other with sharper claws, in the struggle to win the prize. Whichever of the five should succeed in disposing of the others would become a nonentity at Washington, at least for a term; and there is nothing either in the record or the disclosed ability of any of them to warrant the belief that after the probationary period he would emerge from obscurity through statesmanlike qualities and the untiring attention to duties that is so signally possessed by the incumbent.

Heretofore in California the argument in favor of retaining men in high legislative places who have proved their capacity and integrity has proceeded theoretically; but now there is opportunity to make it specific. Senator Perkins has been a member of the Senate for fifteen years. In that time, from sheer force of character, from inordinate capacity for work and an industry that comprehends the least duty as well as the greatest, and slighting neither, he has become one of the most influential members of the senior legislative body. He has won for California a recognition that had never before been accorded, and has attained an eminence in the organization of the body that stands for a great deal in the direction of influence. Now his importance and influence are very greatly increased. By the death of Senator Allison, Senator Perkins becomes the chairman of the Naval Committee, and is advanced to third place on the Committee on Appropriations.

The chairmanship of the Naval Committee is the most desirable to California of all the Senate positions. California having the chief harbor on the Pacific Coast and the greatest in the world; having a longer and more important sea coast than any other State; having a navy yard, and being the port that is now and must continue to be the naval base of the Pacific, is mightily interested in naval affairs. It is peculiarly proper that the chairmanship of the Senate Naval Committee should come to a California Senator; and it is doubly appropriate that it should fall to Senator Perkins, through long service in the Senate body, and with extensive practical knowledge of naval affairs through having himself followed the sea for years, and having owned and managed steamship lines.

It needs no argument to strengthen the points herein set forth. They must be patent to all. The general public wants to do that which is best for the general welfare; but it is sometimes confused by clamor. Such attempt is now being made in the uproar produced in certain quarters. It will not succeed, and ought not; and all who feel the least uncertainty as to the rights of the situation should recall the facts, which are readily accessible. In seasons of clamor demagogues find their opportunity, often to the undoing of the people. To have knowledge of the facts is to be forearmed against them.

The Enquirer's Defense of Lying.

The Oakland Enquirer makes a pitiful exhibition of malice and disingenuousness by pettifogging and squirming around with intent to deceive the public and misrepresent the attitude of Senator Perkins regarding the anti-pass provision of the Interstate Commerce bill. It has made itself a sponsor and defender for the falsehoods of Francis J. Heney. That individual came over to Berkeley and stated in a public meeting that Senators Perkins and Flint voted against the employers liability bill and the bill to prohibit Federal judges from riding on passes. THE TRIBUNE characterized the statement as a lie, and pointed to the Congressional Record to prove the falsity of Heney's allegations. The Record shows that Perkins and Flint voted for the employers liability bill and for the Allison Interstate Commerce act, one of the provisions of which forbids railroads to grant passes to anybody other than employees. They voted to incorporate the anti-pass amendment in the bill.

Heney and the Enquirer are trying to deceive the public with the representation that the California Senators opposed inserting the anti-pass amendment in the Allison act and also against another amendment to the same bill, embodying the provisions of the employers liability law. Both are endeavoring to injure a distinguished public man by practicing deliberate deceit. Worcester defines a lie as follows:

"To utter falsehood with an intention to deceive; to say or do that which is intended to deceive another, when he has a right to know the truth, or when morality requires a just representation."

Archbishop Paley says it is the deceit that makes the lie.

Senators Perkins and Flint voted against a motion to strike the anti-pass provision out of the Allison act. They did vote to table an amendment specifying Federal judges as forbidden to ride on passes, but they voted to insert another amendment forbidding, under severe penalties, railroads to grant passes to anybody save employees. The first amendment was killed because it was narrower in scope and its wording was in the nature of a fling at the Federal judiciary. The amendment subsequently adopted, and for which Perkins and Flint voted, accomplishes precisely the result ostensibly sought for in the original, and much more, and omits the invidious reference to Federal judges.

Senators Perkins and Flint did vote to eliminate from the Interstate Commerce an amendment making railroads legally liable for injuries suffered by employees where the injured person is not responsible for the accident or injury, but they did so on the belief

IT'S A LITTLE TOO EARLY FOR ME

—PORTLAND TELEGRAM.

SAYINGS OF A CYNIC

expressly stated by the ablest lawyers in House and Senate that the effect of such an amendment would be to destroy the validity of the entire act. The amendment was therefore killed with the specific understanding that its provisions were to be incorporated in a separate statute, which was done, and that statute is now the law of the land. Perkins and Flint voted for it.

A half truth is the meanest kind of a lie. The man who states isolated facts, concealing others related thereto, with intent to deceive and inflict wrong is guilty of what moralists and lexicographers unite in defining as lying. It is lying with study and malice prepense, lying with circumstance and method, and is the form of falsehood that the Lord of hosts thundered against at Mount Sinai when he said, "Thou shalt not bear false witness."

A Tale of Two Cities.

A few days ago the Call printed a story to the effect that a teacher named Frank Browne (wonder if he is any relation to the Spreckels tout in Alameda) had been degraded in rank and salary by the San Francisco School Board because of his activity as a Lincoln-Roosevelt League organizer. Passing by the question of whether a public school teacher should be officially active and offensively partisan in politics, it is worthy of note that Browne appeared yesterday before the Board of Education, denied all responsibility for the Call statements, and acknowledged that he had been given his present position at his own request because he did not desire to wait till he was legally qualified to fill the higher position he sought. He had been acting as a temporary substitute teacher in one of the high schools, but was not legally eligible for appointment as a high school teacher. So much for a characteristic Lincoln-Roosevelt League fabrication.

But let us turn to an authentic case of punishment for political reasons in Oakland. Charles Klinkner was an employee of the city government, which is working from mayor down to gardeners and street cleaners for the Lincoln-Roosevelt League faction, till he voted against the League's orders in the Sacramento Convention. Then he was summarily discharged. It was a contemptible vengeance to take on a man who merely asserted his inalienable right as an American citizen, but Klinkner did not bawl over his dismissal nor did the regular Republican newspapers make the matter the subject of special comment.

It is not amiss, however, to call attention to the undeniable fact that the municipal government has become a grossly partisan machine of late. Despite the spirit and letter of the charter, the city administration is doing politics in every department from top to bottom. No man can hold a job unless he is specially protected by law who does not get in and work for the Lincoln-Roosevelt League organization. We should think Mayor Mott's cheeks would burn with shame when he hears machine politics denounced by his Lincoln-Roosevelt League conferees. Never in the history of the city was the municipal government organized more compactly and aggressively as a political machine than it is at present. But we would not be disposed to complain of it if the public business was not being for the moment neglected in the absorption of factional activity, and we regret for the city's sake that the mayor has allowed himself to be drawn from the high ground he has hitherto occupied as the head of the municipality. He has been an honest and efficient executive, we are glad to say, and it is regrettable that he has permitted the spirit of partisanship to get the better of his judgment and overcome his standard of political propriety.

More juggling with the accounts of the Market Street bank has been discovered by the receiver. However, banking frauds and swindling depositors appear to be trifles too small to enlist the attention of District-Attorney Langdon. When J. Dalzell Brown was arraigned Langdon on his own showing went out of town and left the whole matter to be handled, without instructions, by one of his deputies. What are the dities of a District-Attorney anyhow?

DETAILS OF STATE FAIR DISCUSSED

Alameda County Exposition Commission Make Arrangements to Install Large Exhibit.

The State Agricultural Society held an enthusiastic meeting at Sacramento Thursday, directors from many of the counties of California with Secretary J. A. Filcher being present. Details were discussed for the California State Fair, which will open August 25, in the pavilion at Sacramento.

Theodore Giori and Wilber Walker of the Alameda County General Exposition Commission and Captain W. D. Nichols were in attendance to secure space for the exhibit of Alameda county, which will be large and varied.

EXPECTS GOLD MEDAL.

Ample space was secured and the commission will install a magnificent display of the products and resources of the county. Alameda county expects to secure the gold medal for the best county exhibit, which has been awarded so often that any other result would prove a disappointment.

The commission hopes that the producers and manufacturers will respond to requests and furnish the usual magnificent display to be installed. At the close of the meeting a light luncheon was served and a toast drunk to the health and prosperity of Secretary J. A. Filcher, as the day happened to be the anniversary of his birth. Short speeches of congratulation were made and an enjoyable social hour was spent by those present.

SIX HURLED FROM AN AUTO AND INJURED

PHILADELPHIA, Aug. 7.—Speeding along on the outskirts of the city late last night seven persons were hurled from a skidding automobile and six were injured, one of them probably fatally. Miss Lena Brown, aged 16, who was pinned beneath the car, after it skidded and turned, died Saturday morning from concussion of the brain and may not recover. The others injured were:

SOCIETY SMART SET

CELEBRATES WEDDING ANNIVERSARY BY BRIDGE PARTY AT SISTER'S HOME

MRS. ROSENFIELD WILL ENTERTAIN AT THE CLAREMONT COUNTRY CLUB TOMORROW

Mrs. George Gross entertained yesterday afternoon in honor of her sister, Mrs. Richardson's, wedding anniversary.

For this occasion, Mrs. Gross asked the most intimate friends and the afternoon was enjoyed in a most informal manner.

Mrs. Richardson, who was Miss Besse Gage before her marriage, seven years ago, is very dearly loved by her many friends who are planning much for her entertainment during her home visit.

The prizes for the afternoon were won by Mrs. Monteill Taylor, Miss Carrie Nicholson, Mrs. Churchill Taylor, Mrs. Felton Taylor and Miss Clarisse LaRose. It was a cause of much merriment when it was announced that three sisters-in-law had won prizes.

The decorations for the day were principally yellow, Mrs. Gross having the pleasure of using the first chrysanthemums of the season.

Next week Mrs. Richardson, sister-in-law of Mrs. W. H. Richardson, will arrive in Oakland. Mrs. Richardson is just out of boarding school and this will be her first winter in society.

Many beautiful affairs are being arranged for which she and Mrs. Besse Richardson will be the motif.

Since her marriage, Mrs. Richardson has made her home in Texas. She will remain in Oakland three or four months.

Mrs. Gross' guests yesterday included Mrs. George de Golia, Mrs. L. R. Allender, Mr. Henry Rosenthal, Mrs. Charles Parcell Jr., Miss Belle and Miss Carrie Nicholson, Mrs. E. A. Stone, Mrs. Monteill Taylor, Miss Clarisse LaRose, Mrs. Besse Gage, Mrs. James Moffitt Jr., Mrs. E. A. Howard, Mrs. A. F. Lark, Mrs. Felton Taylor, Mrs. Ernest Folger, Mrs. Chrissie Taff, Miss Jane and Miss Mona Croftin, Mrs. Paul Dimmick, Mrs. Dan Belden, Mrs. Richardson, Mrs. C. P. Gross and Mrs. J. Loran Pease.

CELEBRATE WOODEN WEDDING. Mr. and Mrs. Harry E. Kastens celebrated their fifth wedding anniversary last Saturday evening at their attractive home on West street.

The rooms were prettily decorated for the occasion with feather ferns and asparagus vine.

Progressive whist was the diversion for the evening, after which a bounteous repast was enjoyed.

Among those present were Mr. and Mrs. E. Morrel, Elmer Morrel, Mr. and Mrs. J. H. Armstead, Marjorie Armstead, Mr. and Mrs. H. F. Huber, Gordon Huber, Mr. Freda Kubale, Mr. and Miss Richter, Mr. and Mrs. Fred Tanner, Stanley Tanner, Mr. and Mrs. B. Rose, Mr. and Mrs. Frank B. Heywood, Miss Ruth Heywood, Mr. and Mrs. Ed Arnold, Miss E. Louise Wykoff, Mrs. M. L. Wykoff, Miss Anna Dusser, Mrs. A. Swan, Mrs. E. Dunn, Miss Camilla Grindham, Mr. C. Kastens, Miss Lucy Kastens, Mr. and Mrs. Walter Smith, Mr. and Mrs. J. Louis Andre, Harry Deane, Miss Deane, Miss Helen Kastens, Mr. and Mrs. J. Denning, Mr. and Mrs. Charles Heywood, Mr. and Mrs. William Carson, Miss K. Wykoff, Mr. and Mrs. C. H. Whittle, Mr. and Mrs. H. H. Favey and the host and hostess.

ENJOYABLE TRIP.

On Monday last, Mrs. Arthur Leest, Stuart of East Oakland, left for Medford, Oregon, to start for an outing at Crater Lake, Southern Oregon.

The party will include, besides Mr. and Mrs. Stuart, Mr. and Mrs. E. C. Gaddis of Medford. Mr. and Mrs. Dwight Rosenbaum of Louisville, Ky.; Miss Frua M. Angle and Miss Bernice Angle of Washington, D. C.; Mr. Horace Goodenough and Mr. Howard Wright of Medford.

A cook and a carman accompany the party, which leaves Medford, Oregon, with four wagons and a supply outfit, driving eighty-five miles over the mountain road to Crater Lake—a national park reservation of wonderful beauty and interest. Thence the party moves south fifty miles to Pelican bay on upper Klamath Lake, at which point E. H. Hartman has established his lodge. With this as a permanent camp, side trips are to be made to all points of interest and note.

Game abounds and fish is plentiful. Mr. Rosenbaum holds large interests in timber in this section of Oregon and he is planning to close up a deal with a Canadian syndicate for a portion of it.

ENTERTAIN FOR ALAMEDA GIRLS.

The Misses Gladys and Marjorie Emmons entertained this afternoon in honor of Miss Ruth and Miss Hazel Holt who are leaving next Wednesday for a two year's trip to Europe which will be devoted to travel.

The afternoon was delightfully enjoyed with needle and thimble and pleasant chat. A dainty supper concluded the afternoon's pleasures. The guests present were Misses Hazel and Ruth Holt, Louise Compton, Florence Plummer, Ann Swan, Ruth and Dorothy.

Cut out the "Blues"—give the liver and stomach a rest by eating

WHITE SHOWER.

Miss Claire Irvin Fahrholz, whose wedding to Frank E. Blanchfield will be on August 19, has been the motif for several very pretty affairs since the announcement of her engagement.

On Wednesday last Miss May Bishop of Chestnut street, was hostess at a white shower given in honor of Miss Fahrholz. The diversion of the afternoon was Hearts, when Miss Edna White won the first prize and Mrs. Snyder of San Francisco was given the consolation prize. The house was attractively decorated with Shasta daisies, for the occasion.

On Saturday August 15, Miss Dora Tate has invited a coterie of friends in Miss Fahrholz's honor. The nature of the entertainment is to be a surprise for the young guest of honor.

TO RETURN SOON.

Miss Martha Chickering is returning from a most enjoyable vacation spent in Honolulu. She is expected to arrive about the 10th of August making the return trip by sailing vessel which will take from three to four weeks.

Miss Chickering is accompanied by Miss Hyatt, a friend from Sacramento. During their stay in Honolulu, the young ladies have been the motif for many pleasant affairs.

Miss Tucker, a former University of California student, has done much for the visitors' pleasure. The home letters, although short, have been full of the good time enjoyed.

A trip was made to the volcano which was especially interesting. Miss Chickering is a member of the Kappa Kappa Gamma fraternity of Berkeley and will enter the fall term at the University upon her return.

ENTERTAINS AT THIMBLE BEE.

Mrs. John B. Battell entertained the members of a congenial little club at her home this afternoon. This was the first meeting after the summer vacation and was principally devoted to the re-organization of the club.

Mrs. Albert Theberge contributed some delightful songs and Mrs. William Judge gave some excellent recitations. Dainty refreshments were served at the close of the afternoon. The membership of the club is as follows: Mrs. Nicholas Luning, Mrs. William Judge, Mrs. Albert Theberge, Miss Kathleen Theberge, Mrs. J. B. Goodwin, Miss Edith Ricketty, Mrs. T. P. Judkins, Mrs. Herman D. Peterson and Mrs. John B. Battell.

BUZZ SEWING CLUB MEETS.

The Buzz Sewing Club was entertained by Mrs. B. E. Nickerson last Tuesday. This interesting little club meets every two weeks at the homes of the members.

The afternoon hours are devoted to the fancy work in which each one is interested and a dainty supper concludes the afternoon's pleasure.

Among those present at the last meeting were Mrs. Herbert Stout, Mrs. Montgomery, Mrs. Bonnard, Mrs. Fred Sargent, Miss Alice Langley, Mrs. John B. Hunter, Mrs. B. E. Nickerson and others.

LUNCHEON AND BRIDGE.

Mrs. Henry Rosenfeld has invited a number of friends for luncheon at the Claremont Country Club on Saturday when Miss Maude Edith Pope will be the especially honored guest.

After the luncheon has been discussed the guests will enjoy a game of bridge.

Mrs. Rosenfeld is a frequent hostess her affairs always having a touch of originality and best of all, she makes the friends who are most con-

CLAIM WEST IS RULED OUT

Western Manufacturers Institute That War Department Has Formed Trust for Eastern Firm's Business.

CHICAGO, Aug. 7.—Manufacturers of the West have found new ammunition in their fight against the methods employed by the War Department in awarding contracts for army clothing. Following its protest last month against the action of the department in constituting a central board of supplies at Philadelphia to pass upon Association has registered a new complaint.

It is based on the new department regulation that all bidders for contracts to make army clothing shall deposit with the central board a special twenty-yard sample.

VIGOROUS TERMS.

The protest, which is incorporated in a letter sent by Secretary John M. Glenn of the association to Secretary of War Wright, is couched in vigorous terms.

CLAIM TRUST IS FORMED.

In the Western manufacturers' first protest against the creation of the Philadelphia board it was claimed that the Eastern bidders thus were given a big tactical advantage over Western manufacturers. It was contended that it was a hardship for Middle Western companies to submit samples so far from their base. Insinuations were also made to the effect that the War Department deliberately was arranging matters so Eastern firms would get all the big contracts.

Another feature of the protest is the claim that the new regulation practically is equivalent to the establishing of a "corner" in the making of army clothing, as the expense of making the sample is prohibitive to most manufacturers. This, it is claimed, will result in the placing of the contract in the hands of one manufacturer.

CHOLERA KILLS MANY RUSSIANS

Dread Disease Prevalent in Many Districts and Hundreds Are Dying.

BERLIN, Aug. 7.—The Prussian Minister of Public Health has received information that Asiatic cholera, as usual at this season of the year, is epidemic in the eastern and southeastern districts of European Russia. Acting on this information, the Prussian central health office directed a close medical inspection of the Russian frontier, especially the provinces of the Volga and the Donets.

Several grain boats from Russia were quarantined, but up to the present time no case of cholera has been found. The Berlin newspapers complain of the lax Russian system of sanitation and comment sarcastically on the official report from St. Petersburg that there have been fifty-one cases and twenty-four deaths from cholera in the government of Astrakhan, thirty-six cases and forty-five deaths at Tavritsk, and four cases and two deaths at Saratov.

HANGS FOR DAY NEAR DEATH

Boy Remains on Sheer Cliff, 750 Feet Above Sea, Unable to Move Either Way.

LOS ANGELES, Aug. 7.—A wireless message from Avalon, Catalina Island, reports the rescue yesterday of Irving Spalding, aged 15, son of A. F. Spalding of Springfield, Ills., from a precipice 600 feet above the sea, where he had spent the day in peril of his life.

The youth disappeared from the hotel early in the morning. He went to explore the island and climbed the sheer face of the cliff, 750 feet high, as far as he could go, and got within 100 feet of the top.

SHOUTS FOR HELP.

Spalding found it impossible to get down and shouted for help, but failed to make anyone hear. He could not sit down, and the slightest infestation would have sent him to instant death on the rocks below. His father, as night was approaching, organized a searching party.

After an hour's search they located the boy, weak with fear. The problem of how to rescue him was solved at last by the discovery of a path

leading fifty feet down from the top. A rope was lowered to the youth and he was drawn safely to the top of the cliff.

Aside from the nervous shock, weakness, hunger and terror, the boy is all right.

REPUBLICANS OF FIRST WARD ENDORSE SENATOR G. C. PERKINS

Enthusiastic Rally Is Held and Large Audience Cheers Leader

The Tarr and Sherman Republican Club of the First Ward held a big rally at Fortieth street and Piedmont avenue last night. The meeting was one of the most enthusiastic in the history of the ward.

George Donnison, president of the club, introduced Roscoe D. Jones as the chairman of the evening.

Judge Henry A. Melvin was the speaker of the evening. In an informal address he said in part:

"I think that we have one of the most famous men in the country as our standard bearer. He is known as a great statesman and a diplomat. A man of high distinction and a diplomat. We want the policies of the great men of the nation carried out in the future. We are to determine the chief executive officer of these United States at the coming primary election. As Republicans we want to get away from factional fights.

SEND PERKINS BACK.

"We want to send Perkins back to the Senate because he knows the needs of the people of California. Joseph R. Knowland is a splendid type of California manhood and will be able to accomplish more than any new man could possibly do as he has gained prestige in Congress.

"We need water front improvement fifty feet down from the top. A rope was lowered to the youth and he was drawn safely to the top of the cliff.

Aside from the nervous shock, weakness, hunger and terror, the boy is all right.

Other speakers were Clarence Wilson and Henry Griffith.

The officers of the club are George Donnison, president; Frank M. Shay, secretary; H. M. Carlton, treasurer; H. Miller, vice-president; H. Larkin, sergeant-at-arms. Executive committee, R. Johnson, H. M. Carlton, R. A. Shay, George Donnison and F. M. Shay.

Music, which interspersed the speeches, was provided by M. R. Garcia.

ments and such men as Knowland and Perkins only can bring it about.

"With the proper representation of California in Congress, the possibilities of this State will be beyond realization."

PRaises Perkins.

M. M. Barnet spoke of the able work of Senator Perkins in Washington in securing appropriations for Alameda county. The speaker stated that Perkins was held in the highest esteem by his associates in the Senate.

He also called attention to the fact that the death of Senator Allison made him the senior member of the committee on naval affairs and made him one of the most important senators in the country.

Barnet also paid tribute to Congressman Knowland as well as to Senator Lukens and appealed to his neighbors to stand by the entire regular Republican ticket.

Among the other speakers were G. E. Atkin, Frank M. Shay, secretary of the club, and candidate for the assembly from the Fifteenth district.

Mr. Shay in his address openly declared himself in favor of the retention of Senator Perkins in the United States Senate.

Other speakers were Clarence Wilson and Henry Griffith.

The officers of the club are George Donnison, president; Frank M. Shay, secretary; H. M. Carlton, treasurer; H. Miller, vice-president; H. Larkin, sergeant-at-arms. Executive committee, R. Johnson, H. M. Carlton, R. A. Shay, George Donnison and F. M. Shay.

ELKS HOLD A STEIN SOCIAL

As a Result Lodge Rooms Are Now Decorated With Two Hundred of the fancy Vessels

BERKELEY, Aug. 7.—The Berkeley Elks entertained friends with a "stein" social last night. Every one attending was obliged to pay an admittance fee in the shape of a stein and the lodge room was decorated with over 200 of all styles and designs.

The gilt-edged numbers in the vaudeville show were Joseph Fogarty and Wallace Brownlow, old time Idora Park favorites. Fogarty entertained with a short monologue, while Brownlow sang a song depicting life on the deep sea and responded later with "My Own United States." H. Miller did some clever sleight of hand performing and Clinton R. Morse was encored for his rendition of "Killarney."

A Howard Hermann sang "William Whisk," "Love," "Time" and "Big Brother Sylvester." Others who assisted were W. H. Bay, R. E. McGill Jr., Dowey Collignon and Chief of Police Vollmer.

During the evening Past Exalted Ruler P. R. Boone was presented with a handsome Hollander stein.

REFUSES TO GIVE RUEF FOR COUNT ZEPPELIN AID

Andrew M. Wilson Declines to Testify in Parkside Case, Claiming He Would Incriminate Himself.

(Special to The Tribune.)

SAN FRANCISCO, Aug. 7.—Refusing to testify on the grounds that it would tend to incriminate him, Andrew M. Wilson, one of the former "good dog" supervisors, was excused from the witness stand in Judge Cabaniss' court this morning after Attorney Newburg had made every effort to secure evidence from him.

It was during the proceedings in the Ruef Parkside case that Wilson was called by Newburg in behalf of the defendant. On numerous occasions he has testified for the prosecution and it will be remembered that he was indicted by the grand jury as the result of not testifying to suit Francis J. Heney during one of the graft trials.

BROKE DOWN AT TRIAL.

When Wilson was cross-examined by Attorney Ach in the last trial of Abraham Ruef, he broke down miserably, repeatedly contradicted himself and all together made a poor witness.

Although he has testified as many as five times that he was a witness of the prosecution in the case of Fremont Older, when that question was put to him by Newburg this morning he declined to testify on the ground that it would tend to incriminate him. The defendant's attorney thereupon fired the following questions:

"Were you a member of the board of supervisors?" "Have you an immunity contract?" "Do you know Rudolph Spreckels?"

NO ANSWER.

The witness would answer none of these and Attorney Newburg at once appealed to the court. He spoke of the horrible situation which presented itself when a man would go on the stand and testify numbers of times

Widespread Sympathy Aroused Over Loss of His Airship and Public Subscription Has Been Raised.

SAN FRANCISCO, Aug. 7.—A national committee has been formed at Stuttgart under the presidency of Prince Von Hohenlohe-Langenburg to raise a public subscription for Count Zeppelin. Already more than \$275,000 has been raised and the promises received reach double this amount.

SYMPATHY IS WIDESPREAD.

The subscription list of the Berlin fund totals over \$25,000. Senator Posenel of Lubbeck and the Essen Mineral Company are among the principal supporters and an anonymous subscriber to the fund at Heidelberg has contributed \$5000. The total of the list which was being circulated at Cologne has reached \$8500, of which the amount the City Council voted \$2500. From every city in the empire comes the announcement of the opening of subscription lists for Count Zeppelin, all of which are rapidly filling up with sums ranging from \$2500 to \$10,000, the single figure which indicates the widespread sympathy that exists for Zeppelin in the loss of his airship.

GRIEF TURNED TO JOY.

FRIEDRICHSHAFEN, August 6.—Count Zeppelin has replied to Emperor William's telegram of sympathy as follows:

"Your majesty's telegram has turned my grief to joy. I will gladly devote myself to your wishes and those of the German people and continue the construction of airships."

For the prosecution, without making any excuses, whereas when he was called for the defense and could give testimony favorable to Ruef, he refused absolutely.

Judge Cabaniss, however, could do nothing but accede to Wilson's request to consult with his attorney and he must return to court at 7 o'clock this evening when he will have decided as to whether he will be a witness.

MONEY TALK ANGERS HENRY

Threatens to Explain That \$30,000 Checkless Fee When Questioned by Attorney Ach, but He Fails To.

SAN FRANCISCO, Aug. 7.—An extremely stormy controversy, which for a time threatened to wind up in a fire-for-all fight, was induced in during the progress of the Burns contempt proceedings before Judge Lawlor yesterday. The controversy opened when Francis J. Heney was requested by Attorney Ach to explain the circumstances surrounding the check for \$30,000 received by the prosecuting attorney from the Contra Costa Water Company. Heney threatened to explain—but didn't.

HENRY WAS ANGERED. Inculpations were hurled back and forth between Ach and Heney, the latter being assisted at intervals by Burns. So angered did Heney become that when the matter had been threshed over and dropped by every one else at the order of Ach, he took up the argument with Charles Haggerty, Ruef's sixteen-year-old office boy.

The two disputed heatedly for several moments, during which time the prosecuting attorney applied uncomplimentary terms to the youth. Judge Lawlor finally succeeded in restoring order, thus saving Heney from utter rout at the hands of young Haggerty.

LINCOLN-ROOSEVELT LEAGUE.

Matters came to a head during the testimony of Raymond G. Schindler, accused jointly with W. J. Burns and J. G. Lawlor with tampering with ventriloquists when the former stated that the petition asking that the graft prosecution be stopped were circulated ostensibly as issued from the headquarters of the Lincoln-Roosevelt League.

"We used," said Lincoln-Roosevelt League merely as a means of introduction for the subject," said Schindler. "I told them that a great many people were against signing this petition when they learned that Rudolph Spreckels was at the head of the League."

This provoked a little by-play between Heney and Ach and the latter expressed the hope that he might some day have the pleasure of putting the former on the witness stand.

LIE IS PASSED.

"If I ever got on the stand I'd explain some mighty unpleasant things; I can tell you," remarked Heney.

"I had you on the stand once," replied Ach to the latter, "and you trammeled like an aspen leaf all the while."

Here Heney made some shakily insinuations about things connected with Ach's office which he would show Ach rejoined:

"If anybody says he can do that he lies," Burns says so he lies. And I should like to have you make a call to you to verify these statements. There is one thing certain: I can explain every receipt in my office, whether it is for \$1000 or for \$30,000, which is more than you can do."

"Yes I can," fumed Heney in a rage, rising to his feet.

"Then why don't you?" rejoined Ach. "You have been asked enough times, I think, to lie to you," he said, by Burns, mixed in an unmitigated wrangle of words with Ach from which the more powerful lungs of the prosecuting attorney enabled him to continue long after the others had been silenced.

ARGUES WITH OFFICE BOY.

Heney remarked something about Charles Haggerty, Ruef's office boy, having shadowed him. This brought young Haggerty to his feet with a denial, which resolved itself into a prolonged dispute between these two, made up mainly of "You did" on the one side and I "didn't" on the other. Judge Lawlor finally managed to restore order.

BONE OF CONTENTION.

The fistfuls petition made up in the office of William J. Burns and circulated by his private detectives for the purpose of obtaining signatures of men of means were in a jury box for the trial of Abe Ruef, was the bone of contention most of the day.

When Schindler was cross-examined by Henry Ach he admitted having interviewed numerous persons, some of whom he questioned about the prosecution, and others he tried out as a canvasser of the Lincoln-Roosevelt League. The witness said he represented himself as a member of the Lincoln-Roosevelt League and that he was commanding few members, as the league needed support of the people. In connection with the political make-believe, he also sought to ascertain the views of these citizens on the connection of Rudolph Spreckels with the organization and the so-called graft prosecution. Reports written by Schindler and filed in Burns' office were read, and they contained expressions of opinions, mostly all against the prosecution.

WORKED FOR "GUM SHOE" BURNS.

Schindler admitted that William J. Burns had handed him lists of ventriloquists as to each to "get into it carefully." Schindler stated that his own mother had helped him to get the printing of the cards saving the name "San Francisco Improvement Club," which were presented to ventriloquists to sign. The cards in effect stated a belief that the graft prosecution ought to stop or else be put into the attorney-general's hands.

The Lincoln-Roosevelt League, Schindler said, was used as an inducement to get signatures. On cross-examination the witness admitted that he has drawn \$160 in July from the city and that his bill had been used mainly in the circulation of the petitions in question for the purpose of investigating prospective jurymen's opinions. He said he was in the employ of Burns.

Burns took umbrage at a remark of Ach alluding to the former as "President of the San Francisco Club" and the cards as "having been concocted" conceived."

Ach was prompted to say that the United Railroads was taking too great "Maybe so," said Ach. "I have no interest in the United Railroads. If I were getting as big a salary from them as you and Burns are getting from Spreckels I suppose I'd be more interested."

COMMEMORATIVE STONE.

DEMAREST, August 6.—The government of Essex has decided to erect a commemorative stone at the scene of the disaster to Count Zeppelin's airship.

"I wish I had never learned to play cards, exclaims the man who had been unkind to the man who said,

"You mean you wish you had learned don't you?" was his wife's rejoinder.

DEMOCRATS SEEKING RATES

Want Reduction of Fares to Lincoln—Headquarters in Chicago Are Opened; Campaign Starts.

FAIRVIEW, Lincoln, Neb., Aug. 6.—William J. Bryan and National Chairman Norman E. Mack conferred today over the long distance telephone. Mack arrived in Chicago this morning and got into communication with Fairview. While the subjects discussed were not disclosed by Bryan, it is understood that the conversation had to do among other things, with refusal of the Western Traffic Association to make special rates to Lincoln upon the occasion of the notification, August 12.

ACTION OF ROADS.

Although the action of the railroads will probably prevent a number of persons from coming to Lincoln to witness the notification ceremonies, the local committee of arrangements of which Mayor Brown is chairman, is going steadily on with the preparations for the event.

Bryan is availing himself of the cool weather by utilizing every spare moment in preparing the several sets of speeches which he will make this month. The one on the tariff at Des Moines is expected to be an exhaustive treatment of the subject and will be one of the most important of his utterances during the campaign.

HEADQUARTERS OPENED.

CHICAGO, Aug. 7.—The headquarters of the Democratic national committee in Chicago were formally opened here today on the arrival from the East of Norman E. Mack, national chairman, who announced that from now until election day the Democratic campaign will be waged actively throughout the country. On reaching the new offices in the auditorium annex, Chairman Mack issued a call to the heads of the various sub-committees of the national committee to meet him here Monday, to confer on general plans of campaign which have been outlined. Mack will leave Chicago next Tuesday to attend the Bryan notification at Lincoln.

Chairman Mack's first official act was to get into communication with officials of railroads entering Lincoln, Nebraska, in an endeavor to secure a reduced rate for the Bryan notification on August 12. It is said that so far no railroad running to Lincoln, has made this proposition.

JUDGE FORBIDS

GIRL TO HAVE A
NIGHTGOWN BECAUSE
HE SAYS
IT IS ONLY LUXURY
AND NOT NECESSARY IN HOT WEATHER

CHICAGO, Illinois.—Ruling that a nightgown is not a necessity, Judge Harry B. Tuthill of the La Porte county Superior Court issued a restraining order at Michigan City yesterday, forbidding eighteen-year-old Mary Polaski to indulge in the extravagance.

The girl's parents had her arrested for incorrigibility some time ago and she was put in charge of Joseph Oliver, a probation officer. He got her a place as domestic in a family where nightgowns were used. Out of her first week's wages of \$3 she spent \$1.85 for a dress, leaving only \$1.35 for her father. He protested bitterly and when it came to his ears that Mary contemplated the purchase of a nightgown with the next week's pay, he rushed into court to prevent it.

"She never wore a nightgown in her life," he told the judge, "and neither did her parents. She's been associating with nifty people, that's the trouble with her. The first thing we know shall be buying an automobile."

After hearing all the facts in the case, Judge Tuthill gave his opinion in these words: "A nightgown is a comfortable, convenient and desirable luxury," he said, "but is undoubtedly not a necessity, particularly in this

torrid weather. The only possible use of a nightgown is to keep off flies and mosquitoes, and the bedclothes will do just as well. Therefore, I forbid this contemplated expenditure."

MAN WEARS Directoire and is ARRESTED

ST. LOUIS, Mo.—The directoire man has arrived in Clayton. It was worn by Francis Mendel, aged 30. He's in jail because he wore it, and is indignant. He will be released when Sheriff Herpel finds a pair of trousers that will cover the sides and lower parts of Mendel's legs.

Only the prompt action of Constable Julius Schoenbien in taking Mendel and his abbreviated black calico, polka-dotted directoire away from the vulgar gaze, prevented a "crush" at the Clayton courthouse.

Mendel boasts an humble domicile in a piano box on the North and South road, four miles from Clayton, on the way to Brentwood. He is known all over the county, and is generally re-

Went to Evening Receptions in Their Afternoon Clothes

PHILADELPHIA.—"Pretty Pete" Cunningham, a policeman of the Eleventh and Winter streets station, was beaten by John Shields 28 years old, of 912 Cherry street, because of alleged attentions to Shields' wife. Shields asserts that he went home and couldn't find his wife. While he was searching for her, he saw Mrs. Cunningham in the station house. When Shields asked Cunningham if he had seen his wife Cunningham is said to have replied that he had been with her all afternoon.

Shields jumped on the policeman and gave him a bad beating, smashing his helmet and taking his badge, which he carried to the police station. At the station house the sergeant refused to do anything to Shields, but informed Lieutenant Harry of what had happened and

WOMEN HAVE Two Souls HE SAYS

London—Probably the suffragette movement would not have attained the prominence and attention it has done had it not been for the guiding influence of Mrs. Pankhurst, who founded the Union five years ago, and who has been its commander in chief ever since. For more than three years Mrs. Pankhurst has been striving for votes for women. Her husband, the late Mr. Pankhurst, a Manchester barrister, was a member of the first Woman's Suffrage Society, and two daughters—Mrs. Christabel and Miss Adela—Mrs. Pankhurst are both leaders of the Union—are carrying on the work he attempted. An ardent Republican, so Mrs. Pankhurst has been described, and it is a remarkable fact that her birthday is on the anniversary of the destruction of the British fleet at Trafalgar, which was on October 21, 1805, at St. Peter's Field, Manchester. A large assembly of working men met on behalf of reform and were dispersed by the military only after many had been killed and wounded, by only just escaping with their lives.

There is a story of Mrs. Pankhurst which illustrates her practical mind. At one time she had set it on the Manchester Board of Guardians. Whilst a member of a sub-committee on the food of the workhouse inmates, she discovered that all were allowed a large piece of bread at each meal, save one in a piece, causing an immense waste, for half of it was never eaten. So she induced the guardians to adopt a system of serving it in small pieces, allowing the paupers to take what they liked, which resulted in quite a large saving of public money.

KALAMAZOO, Mich.—The Rev. Benjamin F. Graff, who has been very prominent in Van Buren county as a collector of evidence against proprietors of "blind tigers," has been arrested on complaint of his wife on a charge of desertion. A woman was arrested with him.

Graff at one time was pastor of a leading church in Joliet, Ill. Financial irregularities, gambling and drink, it is alleged, led to his being compelled to leave there. Mrs. Graff charges that her husband had once associated with a Chicago woman, but said she had forgotten him until she learned of the present case. She declares she will sue him for a divorce and will prosecute him for a criminal offense. She says she will withdraw the charges of desertion and non-support and make a more serious complaint.

According to information from Joliet, Graff went there about five years ago from Aurora, Ill. He was eloquent and soon increased the attendance at his church. In a short time stories began to circulate derogatory to his character and the matter came to a climax with the disruption of Graff's church. The preacher started an independent church but that did not last long and he came to Michigan. He and the woman taken into custody with him are in jail.

Married Women Are Barred from Schools

Philadelphia is barring married women from the schools and will hereafter permit only those married women to take positions whose husbands are "good boys." Women who have been returning home after a few days' absence are also permitted to teach under the new rule.

Five days afterward a handsome young man, who was the "good boy" of "Dr. Cohen" obtained a job and began to teach. Returning home after a few days' absence, he was abandoned for a continuous period of several weeks.

According to the assertions in

Shots' complaint, he was married on June 23, 1907, to Miss Celia Rosin. After the wedding the pair went to New Egypt, Ocean county, N. J., where they began keeping house.

Harriman Decides to Hold Pacific Ocean Traffic

DENIES REPORT HE INTENDS TO SELL OUT TO JAPANESE

Announces Improvements for Coast Roads

Edward H. Harriman, the railroad magnate who now controls the railway situation in America, reached San Francisco at 6:30 o'clock last night and at once repaired to his quarters which had been engaged for him at the Fairmont Hotel. He announced that he would start today for a month's vacation on his fish and game farm at Pelican Bay Lodge, on Klamath Lake, Oregon.

When interviewed at the Fairmont last night, Edward H. Harriman, the American railway king, denied that he had any intention of selling his Pacific Mail property to the Japanese, but he said the ruling of the Interstate Commerce Commission on transpacific rates had made the situation serious. He believes Congress will sooner or later enact legislation that will enable the American flag to maintain itself in transpacific business.

Speaking particularly of railroad improvements contemplated on the coast, Mr. Harriman said the Southern Pacific would bore a five-mile tunnel through the Sierras, making the line between Truckee and Sacramento cheaper in operation. This tunnel has been contemplated for some time, but last night's announcement was the first official notice that work would begin at once.

In regard to his recent negotiation with the Gould interests and any effect it might have on the Western Pacific, Mr. Harriman refused to express himself.

When Mr. Harriman arrived he was accompanied by his two sons, Roland and Averell. They dined at the hotel and at the table with them were five of the big Harriman railroad officials, who, in the arrangement, draw annually \$200,000 in salaries. These five officials were William F. Harrim, John C. Scrabs, Julius Kruttschnitt, Charles S. Pea and Freight Traffic Manager H. A. Jones.

WIFE IS AT DEL MONTE.

In addition to his two sons, Mr. Harriman was with him on the trip his wife and two daughters. They will join him at Sacramento yesterday afternoon and will go to the Del Monte Hotel. They will join him Monday at Pelican Lodge. A few days later Mr. and Mrs. William H. Crocker of this city will join the party. The Harriman boys go with their father today.

After the dinner Mr. Harriman was asked to discuss the railroad situation, the question of a general advance in

freight rates or a reduction in wages being raised.

"I do not desire to answer the question as submitted to me," he said. "I hardly think it advisable to argue for a general increase in all freight rates. The public always demands and is demanding the very highest and most efficient service from the railroads. In order to maintain this efficiency on a high plane the railroads must have increased earnings. How best to get them is a problem. Good crops may help us out."

BIG CROP HIS HOPE.

"The indications are that the magnitude and value of this year's crop will be very large. This will mean much money for the farmers. This again will mean greater purchasing power on the part of the farmers, and the result will be increased business for the merchants and manufacturers. To what extent these big crops will help out the railroads in the matter of increased compensation for their maximum of efficient service, I am not prepared to say at this time."

"The public, or at least the thinking part of the public, understands that there is not all profit in the matter of railroad building. It is a hazardous business at best. The men who control railroads in many cases take great chances. I know many instances in my experience where the cost of a piece of property, owing to unforeseen natural conditions, amounted to 80 per cent higher than scientific estimates. Take, for instance, the Lane Cutoff near Omaha, where we had to combat the sinking of the ground. The final cost was 80 per cent in excess of the estimate."

BUSINESS COSTS MONEY.

"Three years ago I said to Mr. Taft and President Roosevelt that I believed in government regulation and in publicity for railroads, but at the same time told them that if the railroads were to have publicity and regulation they must have legal protection in many respects. Well, all I can say is that we have had a maximum of publicity and regulation with a minimum of legal and proper protection, all of which has had its effect upon the present unsatisfactory railroad situation."

"It is pointed out that the railroads before the recent financial panic were

MR. HARRIMAN TO THE YOUNG MAN OF TODAY

"If I have succeeded in doing anything, it is because of a spirit of persistency and a determination to do the best I could with every situation which confronted me. I also try to do the best that is in me at all times; and this leads me to the thought about whether young men have the same opportunities in life today that they did when I was a young man. I think young men today made of the right stuff have a better opportunity than they did a generation ago. Today, everything is made easier than was the case a generation ago. The young man today meets conditions which are more favorable to him than those which I met when I was a young man."

"If I were to start over today, I believe I could attain what a great many people consider success. But I do not know whether this success that the public looks upon is as rosy as it might seem to the outsider. It may have its unfortunate aspects. However, let it go at that."

—Edward H. Harriman.

doing a tremendous business. That is true, but some people forget that that tremendous business was done at a tremendously increased cost, both for labor and for all kinds of material. Labor is the principal cost. Labor has not decreased, while traffic has greatly decreased."

TO KEEP PACIFIC MAIL.

On the subject of traffic Mr. Harriman was asked if there were any danger of the Pacific Coast ports of the United States losing their present traffic to and from the Orient in competition with the Suez line because of the ruling of the Interstate Commerce Commission that the railroads running to and from San Francisco and Seattle must make public their proportion of the transpacific rates. He said that the situation was very serious. However, the Pacific Mail, he said, was still flying the American flag, and since the Pacific Mail had been under his control it had never asked a subsidy from the government.

He had no knowledge of reports to the contrary, of selling the Pacific Mail property to Japanese steamship people or to anybody else. If he could maintain the property he purposed to do so; and if he could not maintain it without great loss, he thought an intelligent Congress would sooner or later realize the situation and produce the proper remedial legislative enactments which would enable the American flag to maintain its transpacific business, a feature of the world's commerce which is bound to be, as the years speed on, pregnant with great results.

AILING OF GEORGE GOULD.

Mr. Harriman was reminded that the people of the Pacific Coast had been for a couple of years taking a great interest in George J. Gould's Western Pacific Building, building from Salt Lake City to San Francisco in competition with Harriman's Southern Pacific system.

In view of the fact that during the last ten days the press dispatches from New York have been filled with reports about how Mr. Harriman and his bankers, Kuhn, Loeb & Co. of New York, had come to the financial relief of some of Mr. Gould's railroad properties, he was reminded of the popularity of this man. He was anxious to know to what extent Mr. Harriman and his bankers would have any influence on Gould's railroad properties in the West, particularly on this coast.

"It is foolish to discuss any such matter," remarked Mr. Harriman with some little show of spirit. "The Wheeling & Erie, a Gould railroad property, is a safe investment and has a good chance of success. Assistance was given to him over an emergency. The act of bridging over this emergency was beneficial to the general financial situation in the East and in turn beneficial to the general financial situation of the entire country."

"It was a wrong misconception on the part of anybody to say, or to believe that half a dozen or a group of men can in any financial condition go against the real great many people consider success. But they may hold out."

"If I were to start over today, I believe that through an honest, persistent, determined effort I could attain what a great many people consider success. But I do not know whether this success

HENRY AND ACH AGAIN CLASH

Private Prosecutor Is Taken to Task for Abusing Witness Not Present to Defend Himself.

(Special to The Tribune) SAN FRANCISCO, Aug. 7.—The verbal war which has been going on between Special Prosecutor Francis G. Heney and Attorney Ach, representing Abraham Ruef, in the Burns contempt proceedings before Judge Lawlor, was resumed this morning during the examination of Charles Swigert, member of the police commissioners.

Heney's purpose in placing the commissioner on the stand was to show that Newton G. Cohn, one of the salesmen on the Ruef panel, in Judge Dunne's court at the recent trial, had approached him regarding gambling in Chinatown. Judge Lawlor could not see that the evidence had anything to do with the present case and sustained the objection of Attorney Ach. Heney thereupon intimated in strong language, in his effort to have the court change the decision, that Mr. Cohn had committed perjury during the examination.

ENTERS PROTEST.

"Your honor, I must protest at the attitude of the prosecutor in speaking this way of a man who is not here to defend himself," said Ach.

"You can't come around and see me. They know where I live," replied Heney.

"But these remarks are always made when they are not around," was Ach's reply.

"They are made when I have occasion to refer to them," said Heney.

The matter was dropped at this point and A. N. Clough of 211 Webster street, placed on the stand.

"Do you recognize that man sitting next to Mr. Heney?" said Ach, pointing to Swigert.

HENRY HAS SMILE.

"No, it was Lawlor who called on him," put in Heney, with a smile.

Mr. Clough testified that he had been requested to sign the petition calling upon the Attorney General to take charge of the graft prosecution and that he had refused. All efforts on the part of the man who called upon him to persuade him was useless, and he told the trial he had not yet signed.

The six jurors who voted for the prosecution in the recent trial of Ruef were among the witnesses summoned on behalf of the prosecution today.

OAKLAND SIGNS NEW INFILDER, WHO WILL PLAY SECOND BASE, FROM TEXAS LEAGUE

MICHIGANDER HARD MAN ON SPARRING PARTNERS

Attell and Moran Will Probably Split on Referee Question Wednesday Night; Irwin in Training.

BY EDDIE SMITH.

MANAGER JOE O'CONNOR announced last night that he would send his young lion, Staney Ketchel, to work for his fight with Joe Thomas immediately, and that he would be glad to pick up a few sparring partners.

"This sparring partner business is the hardest thing I have to contend with," said the manager. "If a boxer comes along that shows the least fear of Ketchel or acts cautious, the fighter immediately informs me that he does not want him, and on the other hand, if a willing one in good shape and a few days work will run him into the same condition he was for Kelly. There is no Wright to make for this contest, and this will also make things easy for him."

It now looks as if Owen Moran and Eddie Hanlon will be the card for the Labor Day fight at the Mission Street Arena. Attell has come out with the statement that it must be Jeffries or Welsh for referee, and Moran has said that he will not take Welsh and Jeffries, but said that he will never referee again.

NOTHING BOXES HARD. This trait in Ketchel is not a new one, for ever since he first gained any prominence he has been the same. When he was training for his contest with Thomas at Marysville, Joe Ellitt, known to fame as the lightning boxer, was sent up to help the Michigander prepare himself and act as his sparring partner.

A letter that was sent to the people who had been responsible for the sending of the boxer to Marysville a few days after was a treat to read. He boasted the supposed friends to a frazzle and said that if he had money enough to pay his expenses home he would leave on the next train.

This action on the part of Ketchel can only be explained to those who know the fellow. The average man would insist that the champion was rough and showed his partners up on purpose, but it is not so.

He is just a natural impulsive fighter with such high strong nerves that he cannot resist the desire to conquer.

To watch him impound the heavy bag would prove that this is so, for he will go along with the bag, ready for a time, and then, all of a sudden and with no apparent reason, he will turn loose on it and bang away as if he was trying to win the heavyweight championship from it.

KETCHEL HARD TO TRAIN. Some people might also think that it is no trick to get the champion into good condition for a battle. Well, take it from me, Ketchel, it left alone in his training, was an invariably over-trained himself. He is young and enthusiastic and when in the gymnasium and on the

track he is overlooking the largest purse that he has ever fought for, as it is a foregone conclusion among the supposed wise ones that the contest would outdraw the former one which at that time was the largest purse ever fought for.

Moran is at Boyes Hot Springs and nothing could be heard from him last night, but by today he should send some word to the champion as to what he expects in the matter of selecting a referee.

IRWIN AND HANLON IN TRAINING. Toby Irwin, who is to meet Joe McGurn at the Reliance Club this month, and Eddie Hanlon are working out a little every day and it is said that both are showing great improvement. Hanlon last night announced that he now felt sure that he will get the Moran fight and that he would commence light exercises preliminary to going into active training.

EWY AND DANIELS TOAST ENGLISHMAN

NEW YORK, Aug. 7.—The first real stories concerning the way the Englishmen treated our representatives at the Olympic games were published yesterday after Ray C. Ewry, the New York athlete, had a hard fight, and Eddie Daniels, the champion swimmer, had been interviewed.

When the Adriatic dropped yesterday five of our champion swimmers, Ewry and Daniels expressed himself well pleased to get back. Aside from Daniels and Ewry, all were on board Platt Adams, H. L. Cee and E. M. Offitt. They seem to be no complaint regarding the English, who were very considerate, but in the actual contest it would appear that everything possible was done to bring defeat to the Yankee team.

EWY AND DANIELS TOAST ENGLISHMAN

When the fall semester opens at Stanford Tudor Tiedemann, the Englishman's track and field team, will resume his studies and will make an effort to secure his place on the Cardinal football team. Tiedemann occupied the last line of defense for the Blacks last year with credit, especially when the fact that it was his first season playing under Rugby rules is taken into consideration.

A year ago he was growing very fast and had not the strength necessary for a long grueling encounter and he consequently suffered several minor injuries, but he is today much more robust and should make a hard fight for his "B" in the big game.

He attended college at the beginning of the year and played in the freshman baseball nine in the role of catcher. He is a natural footballer, with a strong kick, and is fearless in tackling. His only fault seems to be in gathering the ball, but with diligent practice that should soon be overcome. It is not yet known whether Brown, the wonderful freshman back of 1907, will be back at the opening of the university during the month, as he was not at Stanford last term, but Tiedemann has the backing of a good substitute should he fail to register.

IRISH SPORTS AT INGLESEIDE

A hurling match and a game of Gaelic football are on the cards for Sunday, Aug. 12, at the Gaelic Grounds, and lively sport is looked for. The program has been arranged under the direction of the leading Irish-American athletic association, and will be held under strict amateur rules. As both the Irish pastimes have gained great favor here within recent months, it is expected that a big crowd will be on hand to cheer for their favorite teams.

The hurling match will be between the Young Irelands, captained by Thomas Quinn, and the Gaels, led by William Quinn. Both teams are made up of the best hurlers in this city and the boys promise to entertain the spectators with lively play.

In the football match the well known Farnells, of which Ed Allen is captain, will meet the newly organized Erin Hopes, headed by J. O'Farrell. Some players recently arrived from the emerald isle, are included on the line-up of the latter team. The Farnells have long ranked as one of the best Gaelic football teams in the United States.

BOXING CONTESTS

SACRAMENTO, Aug. 7.—Frank Mayfield of Sausalito and Al Nell have been matched by the Central Athletic Club of this city to go twenty rounds on September 4. Bets have been made to bet these two together in Sacramento ever since their draw at Santa Rosa on July 1, but Mayfield has held out for a big percentage.

PHILADELPHIA, Aug. 7.—Harry Pierce outpointed Young Pierce in a fast and exciting contest for the windup at the Broadway Athletic Club last night in the presence of a big crowd. Pierce was substituted for Tommy O'Keefe, who was unable to appear.

VALLERO, Aug. 7.—Fettling Robinson, of the cruiser California, tonight won the heavyweight championship of the navy by knocking out Arthur Holmes of the cruiser Maryland in the ninth round. Holmes, a hard fighter, and both men were badly punished. Robinson put Holmes out with a right swing to the jaw. Robinson was favored in the betting, and the odds were 20 to 1. The odds on the cruiser were 10 to 1. The fighters were witnessed by 2,800 men, and 1,000 civilians were present.

FAST HORSES AT EMERYVILLE

Meeting to Be Held at Williams Park Will Be Success.

Emeryville track is now the Mecca of the harness horsemen of this coast, and with the arrival this morning of the horses that raced at Santa Rosa last week the famous speedway has become the temporary home of the fastest steppers in the West.

Lovers of the light harness horses will be treated to the greatest race ever seen on this coast when Mona Wilkes and Sir John S. hook up on the opening day. The undefeated champion of last season was trimmed by Marshall's fast mare at Santa Rosa last week in a race for which the fastest time ever made on this coast was hung out.

Vance's great stallion had not had over much preparation for this race and with the training which he has had since his admirers are confident that he will retrieve his lost laurels when he meets the mare at Oakland next week. Both are of the same royal breeding and when over the horses are pitted against each other a horse race is sure to result.

The sudden illness of Ben Bonham has compelled him to relinquish the active management of the meet, and his place has been taken by F. J. Kilpatrick, who has taken up the work with characteristic enthusiasm. The time of the meet has been shortened by two days, but the number of races remain the same. Instead of having two races a day there will be four days with three races a day. The directors of the meet are at work on the card and the list entries will be announced in a few days.

Workmen under the charge of the veteran reinsman, C. A. Durfee, have been at work on the track, and as the result it is faster than ever the most sanguine of the horsemen hope for. The nature of the soil is peculiarly suited to harness racing and the only thing which will militate against fast time is the hump in the middle that marks all running tracks.

Washington McKinney, considered by a great many horsemen the most beautiful horse ever bred, will be on exhibition at the track during the meet. It is probable that Kilpatrick will send his great horse after the meet.

The enthusiasm which the driving clubs showing has led the directors to provide two races for amateur drivers. The first of these, a free for all purpose, will be held on Friday, and the second a free for all trot, will be held on Saturday.

The trophies provided for the winners of these events are valuable silver cups.

The following races will be on the program:

First day, Wednesday, August 12: First race—2:20 trot.

Second race—Free for all pace.

Third race—2-year-old trot.

Second day, Thursday, August 13: First race—2:20 pace.

Second race—2:25 trot for 3-year-olds.

Third race—2:20 trot.

Third day, Friday, August 14: First race—2:20 consolation trot.

Second race—Free for all pace.

Third race—2:30 trot.

Fourth race—Free for all pace for amateurs.

Fourth day—Saturday, August 15: First race—2:14 trot.

Second race—2:20 consolation pace.

Third race—2:14 pace.

Fourth race—Free for all trot for amateurs.

The Seals made a grand try for victory at Recreation Park yesterday when they hooked the home team of Portland. Beck, of whom so much was expected, not taken a protracted sleep on the bags and then started for home when it was all too late, there might have been a change. Mohler was a bit to blame for sending the Seals on such a trip, for he was nailed at the plate and had that run scored there surely would have been a different ending of the struggle.

Garratt and Sutor opposed one another and were equal in skill as pitcher goes. The man on both teams played fast and snappy ball and every play counted. Sutor gave evidence of being a little tired from the exertions of the day before and had it not been that Long had no one else to put in he would not have been asked to pitch. Every game means much to the Seals at this time but luck was with the visitors and they succeeded in coping.

Both of the runs along neck and neck the first four, which was Sutor's real bad inning. Zelder booted Raftery's grounder and Johnson drew a four spot. Danzig singled to left and the bags were overflowing. Cooney followed with another safe drive and Raftery was in. Then Ryan bunted Johnson over and Danzig and Cooney pulled off a double steal for the third run.

Several spectators were willing to bet the usual big sum that the Seals would not have a chance to score. The Seals did not have a chance to score. Zelder, of whom so much was expected, was the best pitcher in the game, the way Garratt was twisting 'em over, but quite a change came over the boys in that ever old lucky seventh. Zelder, the first man up, walked and Melchior started a little more excitement by driving a pretty one right over Casey's head. Before the ball got cold Nick Williams hammered it a deep right for a double, though Zelder was out. Two runs were put out. Garratt, the other man for safety, the entire Beaver team was going bad when Beck singled to left and registered Melchior. Berry could not sting the ball safely, but he lifted a long fly to Ryan that chased Williams in and tied up the score.

With Beck on second and only one down the chances looked very bright for the Seals.

OAKLAND LOSSES IN NINTH INNING

LOS ANGELES, Aug. 7.—Oakland lost today's game in the last half of the ninth inning through rank bungles that put two men on bases just before Delmas swatted out a safe hit to right that scored Dillon and Hlop and gave Lee the two additional runs necessary for victory. It was a wearisome game, filled with errors and a succession of hits. Long's left handed catch of a line drive, a pick up by Delmas, and a hit by Danzig, off of which he batted the pitcher were the only features.

FEELY IS GIVEN A ROUSING RECEPTION BY REPUBLICANS

Cheered to Echo When He Promises to Support Senator Perkins

"Even if I had prepared an address for this evening, this outburst of enthusiasm would have taken my words away. I am overwhelmed at this splendid reception. If elected to the position to which I aspire, as soon as I am in the Forty-eighth Assembly District, I assure you that I will give as careful attention to my legislative duties as I have given to my private interests in the past. I can outline my policy briefly and to the point by saying that I favor the direct primary law and that I will staunchly support Senator Perkins."

A ROUSING RECEPTION.

So spoke James T. Feeley last night in Hovey Hall, 411 Eleventh street, at a dinner given in his honor by the Forty-eighth Assembly and Feeley clubs. It proved to be the most enthusiastic and largely attended gathering so far held in the present session, and was an evidence of the popularity of the young candidate for the Assembly. When he took the platform to address those gathered to hear him he was given a reception which has rarely been equalled in the history of local politics. For at least five minutes he stood with uplifted hand in a vain endeavor to bring order out of chaos which followed the appearance of the speaker, cheering upon three hundred clapping and huzzahs so loud that they could be heard a block away, and the large hall while it was packed to suffocation, was a scene of wild confusion.

FEELY IS EULOGIZED.

Willie T. Smith, master of ceremonies was introduced by Mr. Tolchner in a few words chosen by Mr. Smith proved himself to be an orator of no mean ability, and in fitting phrases eulogized the guest of honor.

"It gives me pleasure," he said, "to see so many representative citizens here tonight to greet a young man who is just entering upon what promises to be a most brilliant career. This is only the second meeting point of our candidates for legislature in this session, and I probably voice the opinion of all present when I say that without doubt James T. Feeley will climb higher and higher up the ladder of fame as he climbs higher and higher in the business world and in the estimation of his fellow men. This young man is endowed with energy and ability and his public career promises to be even more successful than has his business career."

MAYER IS FOR FEELY.

Following a recitation by Lou Kennedy and selections by the popular Elks quartet, Mayor Motz was introduced and was given a cordial reception.

"It is a source of great satisfaction to see such a splendid gathering here tonight to greet and to pay their respects to a young man whom we intend shall represent us in the next Legislature," he said. "This is to be a grand year for us all. The Republican party is again upon trial and from the outlook, and this demonstration is any criterion, it is easy to predict what the result will be. Our candidates stand for what is decent and just, and this young man whom we honor as our guest tonight is typical of all that is noble in political life."

He has been with us tonight that whole-
ended, true friend, Mike Kelly. That's the kind of men the Republican party wants to put forward. Gentleman this is one of the most important elections we have had for many years. Much depends upon the result. California needs men in her legislative halls who are clean and able and we of the Forty-eighth Assembly District intend to see that we have a man who will fill the bill in every respect. We are fortunate indeed to have such a man as James T. Feeley. I am for Jimmy Feeley because he is capable and honest."

A PERSONAL SACRIFICE.

"Let's all stand shoulder to shoulder and elect this young man to the Assembly. Remember that many a battle is lost by one vote. We need every vote on Tuesday next for we intend to give Feeley even more than is required on that day. I consider election day one of the most sacred of all sacred days, a day when we exercise one of the greatest privileges mankind has. We want every man to cast his vote on Tuesday and you must do the same. Let's all do our duty and the result. We need men in the Legislature who will protect the interests of the county. Send Feeley to the Assembly and we will not need to blush for any act of his. Don't let this battle be lost through the apathy of the voter. Feeley is making a personal sacrifice in accepting the office as he is leaving inside his business interests. Do your duty, gentlemen, on Tuesday and the people will ratify your action in November if James T. Feeley be the nominee."

CLEVER BOY BOXERS.

Following an address by the Mayor, two of the cleverest boy boxers in the world, 11-year-old Duncan Fitzgerald and 12-year-old George M. O'Gorman, obtained the first audience by boxing three clever rounds which were refereed by Jimmie Brennan. They proved themselves a couple of clever bantams and

The Head of the Rug Department says:

"We are selling a big lot of rugs and many of our customers come right in and say that they found out about the \$15.00 rugs at \$9.95 by reading 'Ben, the Booster, Ads.'"

TAFT PARTY ENJOYING OUTING

Take 40-Mile Mountain Drive: Hitchcock to Talk With Roosevelt About N. Y. Governorship.

HOT SPRINGS, Vt., August 7.—Will H. H. Taft, accompanied by Mrs. Taft, General Clarence Edwards and W. Cameron Forbes, Vice-Governor of the Philippines, left here today for a forty-mile drive over the mountains to attend the county horse show at White Sulphur Springs, West Virginia. The trip was made in a four-horse rig with relay horses. The party will drive directly to the show grounds and return to the Hotel Tivoli, where its members will remain until Monday, returning Tuesday by train. That will not be eaten on to make a speech.

T. J. O'Brien, United States ambassador to Japan, and Mr. and Mrs. Post Wheeler also made the drive.

TO MEET PRESIDENT.

NEW YORK, August 7.—Chairman Frank W. Hitchcock of the Republican National Committee left today for Oyster Bay to be the guest of President Roosevelt. Hitchcock said: "While he admits that he expects to talk with the President concerning the New York gubernatorial nomination, Hitchcock discouraged the suggestion that in expression of preference it be made by the national Republican leaders regarding Governor Hughes or naming some other man to succeed him. Hitchcock reiterates today that he has not deviated from his policy of abstaining from recommendations by the friends and the opponents of Governor Hughes and refraining from taking sides."

DEATH OF NORWEGIAN EXPLORER IS REPORTED

COPENHAGEN, Aug. 7.—Erichson, the Norwegian explorer, is dead according to information contained in a telegram to the committee of the Denmark-Greenland expedition. Erichson and two of his companions who sailed with him from Copenhagen June 26, 1906 to the unexplored regions of the northeastern coast of Greenland perished in a snow storm.

Lard Laden Stomachs

"Necessity" is the mother of invention. Lard is the father of indigestion.

More than half the indigestion in the country to-day is directly attributable to greasy, indigestible food prepared with lard.

Cottolene is the original anti-lard product. It was the first, and it is the best. It is purer, more healthful, and will give better results than any other shortening medium.

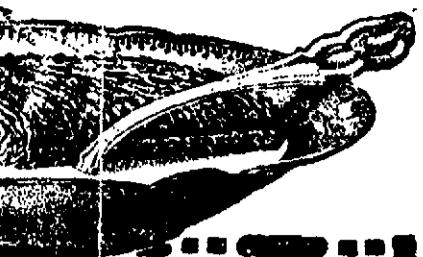

Just as the original is always better than the imitation, Cottolene is superior to its imitators. Ask your grocer for Cottolene, and see that our trade-mark, a steer's head in a cotton-plant wreath, appears on the pail.

Cottolene is never sold in bulk; therefore, is a cleanly product, absolutely protected from all the odors and dust to which lard is usually exposed in the ordinary grocery store.

CHICAGO WASTES WATER, HE SAYS

Favors Periodical Jags
Rather Than One
Nip a Day.

CHICAGO Aug 7—When Mrs. O'Leary's cow kicked over the lamp that started the Chicago fire in 1871, the nitro O'Leary "engaged patch" on the West Side was worth probably less than the tax revenue paid on the property yesterday when Miss May O'Leary, daughter of the owner of the traditional cow, appeared before the board of review.

Miss O'Leary pleaded for and obtained a reduction in taxes. The old homestead, 20 De Koven street where the great conflagration is said to have started, had been assessed at \$100 on the land and \$300 on the improvements. The tax on the building, which is a story and a half cottage, was reduced to \$100.

City Engineer Claims 3,000,000,
000 Gallons Have Gone
For Nought.

CHICAGO Aug 7—Chicago is wasting water at the rate of more than \$1,000,000 per day. This estimate is based on figures reported in a recent annual report of City Engineer John Gleeson made public today.

Erleson also takes up the meter question in his report, showing that consumers without meters got their water for less than one third of what meter users have to pay. He asserts that the city is not giving an adequate return or revenue from the unmetered supply.

According to Gleeson, the city pumped in 1897 1,000,000,000 gallons of water, receiving a revenue of \$4,462,000 for it or at the rate of 2.69 cents per 1,000 gallons. To the meter users, however, the water was sold at the rate of 7 cents per 1,000 gallons, while consumers without meters got it at the estimated rate of only 1.7 cents per 1,000 gallons.

STATE MOURNS THE DEATH OF HER SENATOR

Governor Denies Making Any Statement Regarding a Successor to Allison.

DES MOINES, Aug. 7.—Iowa was yesterday officially declared to be in a state of mourning for the late Senator William B. Allison by Governor A. B. Cummings, who arrived from Lake Forest, where he was spending his vacation.

Governor Cummings and other State officers will go to Dubuque Saturday to attend the funeral.

NO SUCCESSOR NAMED.

The Governor denounces having made any statement whatever regarding his plans concerning a successor to Mr. Allison and refuses to discuss such until next week. He says he made no such statement as that he would appoint a successor for the short term and be a candidate himself before the thirty-third general assembly. Previously the Governor has stated that in case of a vacancy in the Senate he would call a special session of the Legislature. This is subsequently the program he will follow out. If he does this the thirty-second assembly will unquestionably elect him, as it is dominated by progressive Republicans. A special session will probably be called, if at all, in October.

TO REPRESENT HOUSE.

WASHINGTON, Aug. 8.—Speaker Cannon has named twenty-six members of the House, including eleven Iowa Congressmen, to represent the House at the funeral of Senator Allison at Dubuque, Iowa, next Saturday. None of the committee is from States west of the Missouri river.

NEW ZEALAND REFUSES TO WORK FOR SUBSIDY

VICTORIA, B. C., Aug. 7.—The New Zealand government has refused to enter into any arrangement to aid in the grant of subsidies to the Canadian Pacific Railway, according to advice received here from New Zealand. New Zealand's reason for refusing to contribute to the arrangement is that owing to the Brisbane call the service is of no value to secure the revival of the steamship line to San Francisco.

OFFER OF MONEY SAVES ENTIRE FAMILY FROM SUICIDE'S FATE

CHICAGO, Aug. 7.—The cup of happiness overflowed yesterday for the poor Italian with a family of eight children who advertised for the loan of \$600 to save him from a suicide's fate. Instead of death he took a new lease on life.

Following a newspaper's announcement of two subscribers' offer to loan the man \$250, his employer, discovering the identity of the unfortunate man, agreed to him in his employer and arranged for the making of a small shortage on easy payments. The Italian was then asked to institute proceedings to compel a restitution of the usurious interest.

It was agreed that the identity of the man should not be made known.

TWO TRAMPS, NEARLY INCINERATED, LOCKED IN BURNING FREIGHT CAR

PORTLAND, Ore., Aug. 7.—Two tramps were released from a burning Oregon Railroad and Navigation freight car yesterday just after the train had drawn into the East Side depot. The tramps noticed that the car was on fire shortly before past Portland station and on arriving home hurriedly set it out. Planes were bursting from the roof when yardmen pried the doors open.

As the fastenings gave way two sorry looking objects, with faces blackened and heads as bare of hair as if shaved and with clothes pocketed with huge smoking holes jumped out and scampered back down the tracks as if their lives depended on it.

When the blaze had been extinguished it was found that the hobos had been occupying a space between the car and the rest of the car barely high enough to allow them to sit in. They had evidently been smoking and in that way set the hay on fire. There could have been little ventilation in the space and it is a mystery how they escaped suffocation. The police searched for the tramps but were unable to locate them.

LEPER ESCAPES FROM QUARANTINE

Arizona Authorities in Quandary Over Disposition of Unfortunate Woman.

TOMBSTONE, Ariz., Aug. 7.—Local and county health authorities are in a quandary regarding the disposition of Mrs. Wardwell, the leper who is now under quarantine here. Steps to have the unfortunate woman and her husband deported have met with many legal complications, and added to this is the fact that the woman has become violently insane. She escaped from the guard at the isolation quarters and made her way toward the residence section of the city creating quite a scare before she was recaptured, and returned to the place of surveillance.

Secretary Berner of the Board of Supervisors has wired the State Department at Washington for permission to deport the patient to the leper colony at Molokai, Hawaii. Pending advice from the department both General Warwell and his wife are held in quarantine.

The husband, who is suffering from cancer, avows his intention of accompanying his wife if she is deported.

ROOSEVELT SIDE-STEPPED WOMEN

Guards Close Gates to Prevent Suffragette Leaders From Reaching Him.

OYSTER BAY, N. Y., Aug. 7.—President Roosevelt failed to receive the suffragette leaders who invaded the summer capital Wednesday afternoon.

As soon as the arrival of the suffragettes had become known the grounds of Sagamore Hill were closed to all visitors.

There were only four of the suffragettes, including the leading party instead of the great army that had been expected.

Rumors of their coming were sufficient to call out all the secret service reserves to protect the President from possible importunity by the women.

The upholders of women voting, who

wielded their yellow and black banner, were Mrs. Dorman Wells of London, Dr. Maude Glasgow of New York, Miss Margaret E. Hunt of Denver and Miss Mary Coleman, a New York lawyer.

ARRIVE IN THUNDERSTORM.

When they first arrived the tremendous thunderstorm struck the town. Two of the suffragettes were impounded by the police in the railroad station and two in a bicycle store.

Their dresses and flower-covered hats were souped but their enthusiasm appeared undiminished.

While they were being held captive the secret service officials had time to rally.

Chef James Sloan was on duty at Sagamore Hill, but his assistant, Joseph Murphy, at once called out the six men usually kept in reserve.

RACE TO GUARD PRESIDENT.

In a government automobile the reserves were raced to the President's grounds to head off the women.

As quickly as the rain ceased the suffragettes, with their banner inscribed "Votes for women,"

started upon a tour of the town, distributing their yellow and black literature telling women what to do and what not to do.

WOMEN'S AUTOMOBILE STOPPED.

As the automobile approached Sagamore Hill it was stopped by the secret service men, who informed Mrs. Wells, the leader, that no automobiles were allowed in the President's grounds.

The suffragettes made no protest, but handed their tracts to the secret service men

and returned to the town for dinner.

BATTLESHIP VIRGINIA ESTABLISHES RECORD

WASHINGTON, Aug. 7.—A report of

coaling by the battleship Virginia at Puget Sound on June 29 shows a record

tonnage of coal in four hours, an average

of 416.5 tons an hour.

The maximum amount taken on board in a single hour was 555.9 tons.

It is believed that this is a world's record.

The coal was delivered in bulk in lighters,

without any special arrangement being made to facilitate handling it.

Prince Frederick Leopold was present as the representative of Emperor

William, Dr. Bethman-Holweg, minister of the interior welcomed the

delegates in the name of Chancellor

Von Buelow and the emperor.

The mayor of Berlin made a speech

in behalf of the municipality and he

said he hoped the congress would be

a second peace conference.

YOUTH'S BROKEN ARM IS MENDED WITH AN ORDINARY STEEL NAIL

NEW YORK, Aug. 7.—Mending a broken arm with a nail in the extraordinary feat in surgery which has just been performed successfully by Harlem hospital surgeons. It was a plan resorted to after usual methods had failed and when the case seemed to be hopeless. Now the limb operated upon is as sound as it ever was.

Charles Nelson, 16 years old, was injured in alighting from a car on July 12. The wrist of his right arm broke with such a severe fracture that one bone lapped over another. Nelson was taken immediately to the Harlem Hospital and the arm placed in a splint, but the bones did not set. Thereupon the surgeons resolved upon the novel method of treatment. The lad was put under the influence of ether and an incision was made in the arm just above the wrist joint. What is called the shaft of the bone was pried open and the two overlapping bones were set together.

Meanwhile a steel nail about an inch and a half long had been carefully sterilized and medicated.

A vice of cotton and other material was made for the arm and with an ordinary hammer the nail was driven into the head,

piercing both bones in much the same

fashion as two boards would be when joined together. The splints were then replaced.

Kingsley Describes Conditions in Europe and Says Attitude Is Friendly.

NEW YORK, Aug. 7.—Strongly optimistic views on general business conditions in Europe and the outlook for American enterprises there were expressed today by Darwin P. Kingsley, president of the New York Life Insurance company, who has just returned from a four months' trip through all the principal countries of Europe, including European Russia.

Mr. Kingsley said that in the course of his stay abroad he sought out and met men of every class and interviewed the bankers and government ministers in substantially all the capitals of Europe.

NO HOSTILITY.

"I found practically no hostility to Americans or American institutions," said he. "On the contrary the products of American enterprises are today more largely in evidence than ever before. None of the European countries has adopted any laws unfavorable toward the American companies and they show no disposition to do so.

"Americans, as they call us, are cordially welcome in Spain, notwithstanding the late unpleasantness and in Russia the word 'American' is still one to conjure with, notwithstanding the sympathy which America was supposed to have with Japan in their recent trouble.

LAND OF OPPORTUNITY.

There is general recognition all over the country of the importance of the United States and in the minds of the masses of the people the United States is still the land of opportunity and they maintain toward it the romantic interest which necessarily attaches to that frame of mind. They criticize us, but they do it in a kindly way.

"They are disposed to forgive us a good deal and the people as a whole welcome us and our ideals, partly because they find us profitable, but also because they really like us."

JAPANESE SEALER IS SEIZED BY RUSSIANS

Captain and Crew Are Held in Prison.

VICTORIA, B. C., Aug. 7.—News has been received here of the seizure, while attempting a raid upon the Copper Islands and seal rookeries on June 27, of the Japanese sealing schooner *Miya Maru*, one of the two which took part in the fatal raid of June 16, 1906, at St. Paul Island, Bering Sea, when five Japanese were killed by guards and twelve wounded.

The *Miya Maru*, which had sealing boats out and was attempting to loot the hauls on the ground, was captured by the Russian patrol cruiser "Commander Bering" and Captain Nomura and his crew of thirty-one Japanese sealers have been imprisoned at Petropavlosk, on the Kamtschatsk coast. Protesta have been lodged by Japanes on account of their imprisonment and a representative has been sent to St. Petersburg.

PUTS LIQUOR TRAFFIC ON PAR WITH SLAVERY

Prediction Made That Governor Will Outlaw It.

LINCOLN, Neb., Aug. 7.—Eugene V. Chaffee, Prohibition candidate for Congress, in an address at the Nebraska State Assembly this evening, said he had little sympathy with the co-option of any other movement looking to the suppression of the liquor traffic that fell short of nation-wide prohibition. He connects the liquor traffic with slave holding and lotteries and predicted that within the present generation the government would outlaw it. Mr. Chaffee will remain in Lincoln several days and is expected to make a call on Mr. Bryan.

LINCOLN-ROOSEVELT LEAGUE TURNED DOWN

REDWOOD CITY, Aug. 7.—The Republican county central committee held a session yesterday and selected delegates to the next State, Congressional and joint Senatorial conventions. Representatives of the Lincoln-Roosevelt League appeared and asked that primaries be held for the selection of the delegates, but the request was not heeded. The delegates who were named for all three conventions were as follows: C. G. Green, Colma; W. J. Morris, South San Francisco; James Kerr, San Mateo; J. H. Coleman, San Bruno; John McBain, San Mateo; Mike Park; W. A. Price, Redwood City; D. J. Lynch, Almaden Bay; J. C. Williamson, Pescadero.

DRAUGED UNCONSCIOUS FROM SUBMERGED BOAT

LAKE GENEVA, Aug. 6.—In a regatta sailed in wind and water so stiff that several yachts capsized, George Busse, brother of Chicago's Mayor, was tangled yesterday in the submerged rigging of his boat, *Yankee Girl*, and was dragged out unconscious. The rescue was made by J. J. Mitchell, president of the Illinois Trust and Savings Bank; J. C. Hately and Fred W. Freck, who were aboard Mr. Mitchell's steam yacht, *Louise*.

Yankee Girl, which had sealing boats out and was attempting to loot the hauls on the ground, was captured by the Russian patrol cruiser "Commander Bering" and Captain Nomura and his crew of thirty-one Japanese sealers have been imprisoned at Petropavlosk, on the Kamtschatsk coast. Protesta have been lodged by Japanes on account of their imprisonment and a representative has been sent to St. Petersburg.

LUKENS RETURNS;
WILL SPEAK
TONIGHT

Eloquent Senator Will Address
Meeting in Second Ward
With His Usual Vigor.

The return to his home in this city in perfect health, of State Senator G. Russ Lukens, after an absence of several months in the East is a cause for rejoicing on the part of the Republicans of the district in general and of the Republicans of the Second ward in particular.

The senator returned only this morning and was heartily greeted by hosts of friends as he passed along the streets. He appears to be in the pink of perfection in all respects and is ready to enter the campaign with the vigor, earnestness and ability he has faithfully fulfilled.

Forty One Years Ago

Or to be exact, on August 13, 1867, Oakland's first bank,

The Oakland Bank of Savings

began business in a rented office on Broadway below Ninth street.

Its policy from the beginning has been conservative, in the opinion of some borrowers too conservative, and yet it has been equally progressive.

Its new building, now almost completed, will have no superior on this Coast for strength and safety, while its deposits have increased during the last four decades as shown by the following figures:

JANUARY 1, 1868, deposits . . . \$ 65,656
JANUARY 1, 1878, deposits . . . \$ 1,471,082
JANUARY 1, 1888, deposits . . . \$ 2,713,935
JANUARY 1, 1898, deposits . . . \$ 5,136,667
JANUARY 1, 1908, deposits . . . \$17,859,777

Capital and Reserve = \$1,455,000

which have characterized him in the earlier conflicts in which he has engaged for the position of representative of the Fifteenth Senatorial district in the legislature where, as is generally known, he has served as chairman of the judiciary committee of the upper house as well as on all the other important committees of the chamber.

REPUBLICAN CLUB SMOKER.

In recognition of the return home of the senator, the Republican Club of the Second ward will give a smoker tonight at the headquarters of the club, 1717 San Pablo avenue which will be one of the greatest undertakings of the kind which has ever been held in this city.

It is the intention of the management of the club to afford the members and the Republicans of the ward who attend a general good time.

There will be music both vocal and instrumental refreshments and speaking by Assistant District Attorney Carey, Senator Lukens himself and a number of other eloquent people.

The Second Ward Republican Club has an active set of officers and there is no doubt that the promise of a pleasant and intellectual evening will be faithfully fulfilled.

**ALAMEDA BELLE NOMINATED
FOR QUEEN OF CARNIVAL
SOCIETY GIRL
ENTERS CONTEST**

Friends of Fair Candidate Cast
Heavy Vote for Their
Favorites

Alamedaans are taking a great deal of interest in the coming carnival to be held at Idora Park and the friends of likely candidates have begun a campaign for their favorites in the first-year Queen. One of the first of the young girls to be nominated is Miss Vega Miller, a popular member of the younger set. Miss Miller's many friends are already soliciting support for her and it is expected that her popularity together with her charm of manner will make her a candidate with excellent chances to win the coveted position of queen of the carnival. Miss Miller is a graduate of the Alameda High school having been graduated from that institution with the class of 1907.

A heavy vote was again polled in the queen contest yesterday and as a result of the day's count Miss Lena Tisch assumed the lead in the race with Miss Linda Robinson second and Miss Vega Whalen third. A new candidate who received strong support is Miss Estella Hogan of Oakland.

The directors of the carnival have announced that the girl who is elected queen will be presented with a magnificently solid silver bracelet set consisting of a pure gold mirror, hair brush, bonnet brush, nail file, comb, a knife, button hook, shoe horn, comb and a handsome case for the set.

GIFT FOR QUEEN.

This is a gift truly fit for a queen and one that the girls in the contest might be glad to receive. A voting coupon will be found in this issue of THE TRIBUNE. Fill it out with the name and address of the girl for whom you desire to vote and deposit it in the ballot box at the Owl Drug Store or mail it to carnival headquarters, 1218 Broadway. The coupons will be collected and counted daily by members of the carnival committee and the progress of the contest will be published daily in THE TRIBUNE.

HOW VOTE STANDS.

The standing of the candidate in the contest is as follows:

Lena Tisch	579
Linda Robinson	439
Vega Whalen	38
Estella Hogan	202
Jennie Hughes	46

**AUCKLAND ADORNED
IN FINEST FOR
FLEET**

Pomous Show Being Prepared
By Citizens As Welcome
to Sailors.

AUCKLAND, N. Z., Aug. 6.—The American fleet on its arrival in Auckland will anchor in two lines abreast of the bay the first having for its center the Australian flagship Powerful and its consorts the Encounter and the Queen.

On August 9, the day scheduled for the arrival of the fleet, there will be no full display but official visits will be exchanged.

On the 10th the admiral and his officers will land at Queen's street wharf a fine new quay built of French concrete being part of a new harbor scheme to cost 1,600,000 pounds.

GRAND DECORATIONS.

On the shore end of the wharf which is almost in alignment with Queen street (the main thoroughfare) will be erected a dais upon which the visitors will be formally welcomed by the prime minister Sir Joseph Ward, the 6th man of the cabinet and copies of the 119 of the 120 towns, boroughs and villages in the province, one behalf of the government and the people of New Zealand will be among the visitors.

The prime minister will make presentations to President Roosevelt and Admiral Spratt in behalf of the government and the people and the procession will then be formed the route being through Queen street to the military hall in Wellesley street. Immediately behind the latter in Albert Park the municipal building and the art gallery in the latter containing the finest collections of books, pictures and art treasures in the Dominion.

CITY LOOKING FINEST.

Adjacent to All in Park overlooking the bay is the residence of the governor and his family. Queen street, the main artery of the city leading from the port is wide open and has a fine clean surface of asphalt. It contains the principal places of business as the banks, etc. including the office of the American consul general.

The scheme of decoration includes two arches one at the entrance to the city and the other in front of the military hall.

**GOLD DREDGER IS
DESTROYED BY FIRE.**

REDDING, Cal., Aug. 7.—The Shasta Dredging Company's gold dredger at Horseshoe fork, one mile southwest of Redding, was destroyed by fire last night, causing a loss of \$125,000, with \$40,000 insurance. The dredger had been in successful operation only two months. The fire was caused by the transformers on the boat burning out.

A similar craft valued at \$100,000 was burned at the same place the previous year.

**AMERICAN LEGATION
SECRETARY IS CHOSEN.**

WASHINGTON, Aug. 7.—Hugh S. Gibson of Los Angeles has been appointed secretary of the American Legation at Honduras to fill a vacancy. Mr. Gibson has been four years in France at a school of political and economic science.

Mrs. J. W. Thorley, Kayville, Utah, writes:

If I could name all the persons to whom I have recommended Murine Eye drops, I would be able to name all of them to you. I will never be without Murine Eye Remedy in the house.

I had my Baby under a Speculite treatment for three weeks, but didn't follow his directions for the water and butter.

Eyes seemed to grow worse. When I heard of Murine I stopped using every cream and used Murine Eye drops.

After 10 days Baby improved

**LEHNHARDT'S
HAWAIIAN
CREAM**

**ISLAND PINEAPPLES MADE
INTO ICE CREAM, COM-
BINED WITH TWO
OTHER FLAVORS.**

It looks as though we were going to have another hot Sunday and if that is the case it will be a good time to try one of Lehnhardt's Sunday desserts. The one for next Sunday will be a particularly delicious combination served in the form of a brick which will be delivered Sunday to any address for 9c a brick. Each brick is securely packed in ice and contains enough for 8 people.

Hawaiian Cream, forming the base of Sunday's brick, is a rich smooth ice cream made of Hawaiian pineapples wonderfully flavored with the pure fruit of the Islands. On one side of this Hawaiian cream will be peach water ice made of the finest fresh peaches and on the other side strawberry ice cream.

This forms a delightful combination and although Pineapple water ice is quite common Hawaiian Pineapple ice cream such as Mr. Lehnhardt furnishes next Sunday is very rarely made. It is necessary to use heavy cream to get the desired result and it is seldom that an attempt is made to produce it in this way.

Those who are looking for a dessert somewhat different from those they've been usually having should not miss the one this Sunday. Order should be placed by phone tonight or early tomorrow a.m. so that delivery can be assured and the quantity necessary to make decided upon.

Telephone Oakland 477 or Home

phone A347 and your order will be

delivered in time for your Sunday dinner.

Those who prefer the plain Hawaiian cream can have it at 75¢ a quart.
